It is hereby agreed

- The surveyor shall follow procedures for determining corner locations as laid out by the United States and the State of Wisconsin, and all other rules and regulations pertaining to the re-tracement of original government surveys.
- All fieldwork shall be based upon the assembly of all authoritative information from Wood County records such as title documents, private and public survey records, existing monumentation, testimonial evidence and occupation evidence that may be useful in determining the actual location of the PLSS corners.
- If machine excavation is required for corner evidence within any public roadway, the land surveyor shall contact the County Surveyor's office and make arrangements for materials and equipment to restore the roadway to its original condition. The cost of excavation equipment is the responsibility of the land surveyor.
- Cold mix, if needed, can be picked up at the County Highway Department located at 555 17th North, Wisconsin Rapids, Wisconsin.
- The County will furnish all corner monuments such as Bernsten Steel Survey Nails or Cotton Gin Spikes, Waupaca Breakable Monuments, rebar for ties, and witness posts.
- The Surveyor shall furnish all services, labor, transportation, lodging, per diem and other related expenses necessary to conduct and complete the work, and shall furnish all materials, equipment, vehicles and incidentals other than those which are provided by the County. The Surveyor shall be an independent contractor, not an employee or agent of the County.
- The Surveyor shall provide GPS Coordinates of each corner maintained in a digital table format and a hard copy in the Wood County Coordinate System, Feet, NAD 83/91 or other Coordinate System at the County's discretion. The requirement of County Coordinate values may be waived at the discretion of the County.
- The Surveyor shall provide a new U.S. Public Land Survey Monument Record on 8.5" x 11" durable paper and shall follow the guidelines provided in A-E 7.08 (3)(a)(b)(c)(d)(e)(f)(g)(h) and (i) for every corner reestablished or found. The corner record will show the coordinate of the PLSS corner location, the coordinate system and the datum of the corner. The corner record will also show the Wisconsin Point ID number and the Wood County unique corner number.
