Dear Land Owner,

Thank You again for allowing MMDM to harvest deer from your lands. Again because of your participation, you have allowed us to harvest 96 deer last season in the Urban Areas that Include Wisconsin Rapids, Grand Rapids, Biron, Port Edwards and Town of Rome. We are now up to 1242 deer for the last eighteen years. Without this program, the deer herd would EXPLODE!!

I cannot stress how IMPORTANT You the landowner is to this program. Without your participation, we cannot keep the population in check. Again, we all THANK YOU for your continued participation.

We have donated free of charge to area families 49,680 lbs of fresh meat. Without your participation in the program this would be impossible. In terms of meals donated, that comes out 198,720 individual meals. AGAIN, THANK YOU.

The Communities, hunters, DNR and families all THANK YOU for allowing us access to your property. Without you, this program and all the good that comes of it would not happen.

We are the most successful, longest running and least cost program in the State!!  
If you would like a deer please call me and we will put you on the list.

If you have any questions or concerns, please feel free to contact me. Otherwise our Hunters will be at it again in August. If there are any changes in ownership of your property, or if others are allowed on the property, please contact me. Also, If you have an email, I would appreciate it if you dropped me a line to save postage costs.

If you know any other land owners that might be interested, give them my contact info!

Respectfully,

Daniel Hobbs

## **MINUTES**

### **HIGHWAY, INFRASTRUCTURE & RECREATION COMMITTEE**

**DATE:** Thursday, April 3, 2025  
**TIME:** 9:00 a.m.  
**PLACE:** Highway Dept., Conference Room

**MEMBERS PRESENT:** Jake Hahn, Scott Brehm, Lee Thao, Al Breu (WebEx), John Hokamp

**OTHERS PRESENT:** Rachel Krause, Highway Program Assistant, see attached sign-in sheet

1. Chairman Hahn called the meeting to order at 9:00 AM and declared a quorum present.
2. No public comment
3. Correspondence – State is planning pavement replacement of STH 13 that impacts the CTH Z intersection. Roland is requesting a review of this intersection before construction as widening of the intersection is needed.
4. The minutes of the March 6, 2025 meeting were reviewed. Motion by Thao/Breu to accept them as presented. Motion carried unanimously
5. ATV trail updates. Chairman Hahn requested opening CTH A be on the agenda as committee members have been taking many calls about this. Sheriff Becker in favor of opening up A. Brandon Dammann spoke on the future plans of CTH A, including making a year round road built to state standards to allow for economic development near the USH 10 corridor. Motion to open all of CTH A to ATV/UTV traffic by Brehm/Hahn. Motion passes 4 to 1 opposed. Breu against ATVs on busy highways.

## WISCONSIN

OFFICE OF  
HIGHWAY COMMISSION

*Roland Hawk*  
COMMISSIONER

April 24, 2025

To: Highway, Infrastructure & Recreation Committee

From: Roland Hawk, PE Highway Commissioner

Subject: Commissioner Report for May 1, 2025, HIRC meeting

---

### Department Activities

#### Personnel/Administration

The truck operator vacancy created through a retirement in late-March is being held open through the summer. Commissioner has hired four summer employees to help perform the duties of that position until September.

April 1 – 3, Commissioner attended the Wisconsin Transportation Development Association (TDA) Washington DC Fly-In along with several other Highway Commissioners, Wisconsin Road Builders, American Council of Engineers, and other Transportation related organizations. Commissioner met with Rep. Van Orden, Sen. Baldwin, Rep. Tiffany's Chief of Staff, and Rep. Weid.

Wood County participated in the Local Road Improvement Program (LRIP) Pilot Program starting July 2023. The LRIP program provides State funding to Towns, Cities, Villages and Counties for road & bridge improvement projects. By State Statutes, the County Highway Commissioner is responsible for administering the program for all municipalities in their county. The Pilot Program was initiated by the Wisconsin Towns Association, where they offered 26 counties, primarily in the northwest and west-central regions of the state, to have WTA's facilitator perform the duties of the highway commissioner in return for the county to forfeit their fee paid by WisDOT to administer the program. For Wood County Highway, that fee was \$7,500 a year.

The Pilot Program needs to be renewed in July 2025 to continue. The program has mixed reviews from Towns, Cities, and Counties and some Counties are opting out for various reasons. The amount of time Wood County Highway Staff spend on Town & City LRIP issues remains at the same level as before the Pilot Program, however the highway department is not receiving compensation for this work. Anticipate discussion at the May HIRC.

## **Accounting Supervisor Report**

By John Peckham, Wood County Highway Department Accounting Supervisor

HIRC Meeting

### **Revenues and Expenses**

Revenues and expenses are as anticipated at this point of the year.

### **Other**

I have concluded the preparation of the audit workpapers for Finance and the auditors. There were no surprises during the preparation. I am prepared for the auditors on-site questions beginning in May.

I have finished a series of annual surveys for the State. I will begin work on the Annual Financial Report in May.

This month continues the educational series, Bookkeepers Corner, that I began some time ago. The chapter this month is on the County-Aid Road Fund.

**HIGHWAY DEPARTMENT FUNDS – COUNTY-AID ROADS FUND****The Funds in Detail****County-Aid Roads*****Purpose of the Fund***

The purpose of this fund is to provide a subsidy mechanism for road construction and improvement projects for the municipalities of Wood County.

***Source of Funding***

This fund is supported by tax levy and revenues from municipalities.

***Detailed Explanation of the Fund***

Each year, the Department sends notice to all the municipalities of Wood County informing them that they may participate in this cost-sharing program. We send them a copy of a petition which they can fill out and send back. The petition asks the County Board to set aside \$5,000 in the next budget for that municipality's use on a construction project. The easiest way to think of the program is by using a coupon mentality. When a municipality sends in the petition, they are essentially given a coupon for \$5,000. There is no cap on the number of years a municipality can send in petitions and accumulate \$5,000 per year. This is known as the County portion of the municipality's balance. They may also contribute money that the County will save in their "account" interest-free. This is known as the municipal portion of their balance. The municipality may save and build the fund until they have an appropriate project. The County will pay up to 50% of the County portion for the project. The work must be done by the County Highway Department.

***Expenses and Revenues of the Fund*****Expenditures**

Budget expenditures are broken down into the following:

Personnel Services – Salaries, Health Insurance, FICA, Incremental Labor Costs (ILC - recovery of fringe benefit costs), post-employment benefits, vision, life insurance, and workers compensation.

Supplies and Expense –All supplies and expenses are charged directly to projects.

**Revenues**

Intergovernmental Charges – Road-aid program revenues.

## 2025 Wood County Parks and Trails Survey Results Summary

---

In late winter 2024-2025, this survey was sent out for customer feedback. Wood County Parks and Forestry advertised the survey on Facebook, sent a press release to CVB's, chambers, news outlets – print, radio, TV; schools; volunteer clubs; and adjoining county park and recreation departments. An email was also sent to all Wood County staff and Board members. NCWRPC mailed or emailed survey notices to every local government in Wood County.

All local governments in Wood County were mailed or emailed survey notices by NCWRPC. Marshfield added the survey link to their homepage, Facebook, and in the weekly City newsletter. Wisconsin Rapids also added the survey link to their Facebook page.

The survey was open initially for 3 weeks to get the public's sentiment on what CERA Park should be called. The survey remained open for another week and an additional 13 responses came in that final week.

We received **584 responses** to the survey. Although not statistically significant of the whole population, this survey does provide a much deeper understanding of the wants and needs for outdoor recreation than a public hearing, so the results are very valuable. Respondents were allowed to skip questions, so several questions had smaller amounts of responses. 75% of respondents who began the survey also finished the survey. This is a good completion rate.

Answered: 438 Skipped: 146

About 75% of respondents live in Wood County, and 25% do not or did not answer. Most municipalities (31 of 34) were represented with about 26% coming from Wisconsin Rapids, about 14% from Town of Grand Rapids, 10% from Marshfield, and 8% not living in Wood County.

Answered: 437 Skipped: 147

About 37% of respondents were male, and about 60% were female, with 3% preferring not to answer.

Answered: 437 Skipped: 147

Respondents came from all age groups, with a strong showing of at least 25% in the 30 to 44 (Millennials), 45 to 59 (Gen X), and 60 to 78 (Baby Boomers) groups.

Through an IP address analysis of those who took the survey it appears that 36 IP addresses are duplicated, which could mean that a husband and wife both took the survey. 3 IP addresses had 3 responses, 1 IP had 4 responses, 1 IP had 5 responses, and 1 IP had 6 responses.

1 IP address had 103 responses, which may be people possibly taking the survey from their Wood County computer after they got an email.

All of those duplicate IP addresses did not have the same answers, so it appears that nobody “stuffed the ballot box.”

## Chapter 6: GOALS & OBJECTIVES

The development of an efficient outdoor recreation plan depends upon establishing specific recreation and open-space goals and objectives from public participation and Committee revision and refinement. These goals and objectives are meant to guide County and local officials as they work towards providing a recreation system to meet the needs of Wood County's residents and visitors to the area.

### Wood County Parks and Forestry Department's

#### Vision:

*To develop, maintain, and operate facilities, resources, and programs that meet the outdoor recreation, environmental, and economic needs of the public; and provide clean, safe, quality family enjoyment at a reasonable cost.*

**Goal 1 – Provide and maintain a high-quality recreation system that is available to ALL Wood County residents and visitors.**

#### Objectives

1. Ensure that outdoor recreation facilities serve people of all ages and physical abilities.
2. Encourage municipal cooperation and communication to reduce redundancy and duplication of recreation facilities and services.
3. Upgrade existing facilities and design future improvements so they are accessible to the greatest extent possible per the Americans with Disabilities Act and the U.S. Consumer Product Safety Commission guidelines.
4. Protect the County's open space and recreational resources from visual blight and loss of environmental quality. ~~through the use of signing and maintenance.~~
- ~~5. Ensure outdoor recreation opportunities are reflective of the needs and desires identified in the outdoor recreation community survey.~~
- ~~6. Ensure improvements to the recreation system are within the maintenance and financial capabilities of the County.~~

## 6. Sandhill – Meadow Valley - Wood County Updates

- Knab presented his report (see Attachment B)
- Weis noted that Weisner Rd is underwater and asked where Weisner ends and Ditch Bank starts. Knab: At the Corner.
- Winkler asked if timber sales have improved. Knab: They are about the same as usual.
- Knab added that some of the provisions of timber sales have been changed to attract more interest, such as increasing the minimum tree diameter from 4” to 6”.
- Knab added that some forestry companies have abandoned their bids, sometimes after starting them.
- Isensee asked how payment for timber bids work and what the impact is when someone abandons their bid. Knab: Successful bidders must pay a bond (like a security deposit). If they abandon their bid, they lose this bond. Then, as trees are harvested, bidders self-report the amount of timber taken and they make payments accordingly.
- McAuley asked about the Little Yellow River project and Knab gave an update.
- Knab added that Sandhill hosted an 8-day Women’s Trap Camp last week. The event was very successful; one wolf was caught.

## 7. Discuss Wilderness Cranberries Issue

- This topic was postponed until the next meeting.

## 8. Member Matters

- Polach noted that board terms are expiring soon for Kedrowski, McAuley, and Wipfli. These members can expect to be contacted by Schubert soon about applying for another term
- McAuley reminded members about upcoming Conservation Congress and CDAC meetings.

## 9. Set next meeting date

- Next meeting is set for Monday, July 14, 2025, at 5:30pm at Sandhill Wildlife Area Outdoor Skills Facility, Babcock, WI.

## 10. Adjourn

- **MOTION** made by Winkler to Adjourn; seconded by Isensee. No discussion. Unanimous vote in favor; **MOTION CARRIED**. Meeting adjourned at 6:27pm.

**Minutes Taken By:** Isensee, Secretary

**Minutes Validated By:** Weis, Chair

*These minutes are draft until approved at the next meeting.*
