AGENDA HIGHWAY, INFRASTRUCTURE & RECREATION COMMITTEE

DATE: Thursday, September 4, 2025

TIME: 9:00 AM

PLACE: Highway Office – Conference Room

- 1. Call meeting to order
- 2. Declaration of quorum
- 3. Public comments
- 4. Correspondence
- 5. Approve minutes from previous committee meeting
- 6. HIGHWAY
 - a. Highway staff reports
 - b. Highway revenue report
 - c. Highway vouchers
 - d. 2026-2030 CIP
 - e. US 10 & STH 186
 - f. Access Policy update for Set Backs
 - g. Review and discussion on Highway Department Draft Budget

7. PARKS AND FORESTRY

- a. Parks & Forestry staff reports
- b. Special Use permits
- c. Powers Bluff Project Update
- d. Wood County Cera Park update
- e. FGM Wilderness LLC License Agreement
- f. Nekoosa Marsh Road Cranberry Land Trade Proposal
- g. Parks and Forestry revenue reports
- h. Parks & Forestry vouchers
- i. 2026 Budget
- 8. Attendance at Meetings
- 9. Future Agenda Items
- 10. Set next regular meeting date: Thursday, October 2, 2025, 8:00 AM
- 11. Adjournment

MINUTES HIGHWAY, INFRASTRUCTURE & RECREATION COMMITTEE

DATE: Wednesday, August 7, 2025

TIME: 9:00 AM

PLACE: Highway Dept., Conference Room

MEMBERS PRESENT: Jake Hahn, Al Breu, Scott Brehm, Lee Thao, John Hokamp

OTHERS PRESENT: Trent Miner, County Clerk, see attached sign-in sheet

1. Chairman Hahn called the meeting to order at 9:00 AM and declared a quorum present.

- 2. There was no public comment.
- 3. Wood County Rifle & Pistol Club representatives Jack & Cheryl Konkol, described changes they wished to make out at the shooting range to be able to incorporate more pistol shooting. The current set up us basically set up for rifles. They also are going to move a storage shed onto the current footprint. All of the work will be in the existing range and will be at the club's expense. Motion by Hahn/Breu to approve the changes as presented. Motion carried unanimously.
- 4. The minutes of the July 9, 2025, were presented. Hawk noted that on item #10, it was to be noted that it is the "proposed" owner looking to make a land donation, not the current owner. Motion by Breu/Hokamp to accept the minutes as corrected. Motion carried unanimously.
- 5. The Highway Dept. staff reports were highlighted and reviewed.
- 6. The Highway revenue report was reviewed.
- 7. Motion by Thao/Brehm to approve the Highway Dept. vouchers. Motion carried unanimously.
- 8. Commissioner Hawk reported that the DOT has funded their portion of the Dexterville salt shed in fiscal year 2026, so it is possible the county may have to come up with their funding prior to 2027, when it was proposed in the CIP. He is working with the state to be able to carryover the state funding until we have it budgeted.
- 9. There is a landowner along Griffith Avenue that has 4 parcels that has been subdivided for over 20 years looking for highway access, however under the current rules, this would not be allowed because of the spacing and speed of the road. While no request has been filed, there may be a need for the committee to act on this in the future.
- 10. Hawk & Accounting Supervisor Peckham reviewed the current status of the 2026 Highway Dept. budget and the variance associated with it. A more finalized version will be presented at the September meeting.
- 11. The Parks & Forestry staff reports were reviewed.

- 12. A land trade proposal in the county forest by Wilderness LLC was presented. Forest Administrator Schubert highlight the issues surrounding the current encroachment as well as the proposal that was submitted by Wilderness LLC. At this point, he does not recommend moving forward with this proposal. Motion by Hahn/Brey to reject the proposal and have the Forest Administrator, along with Corp Counsel, draft a different agreement. Motion carried unanimously.
- 13. Parks & Forestry Director Schooley reviewed the special use permit for the following entities and locations:
 - a. Jeremiahs Crossing at Dexter Park
 - b. Midwest Independent Living and Nepco Park

Motion by Thao/Hokamp to approve the special use permit as presented. Motion carried unanimously.

- 14. Schooley gave an update on the status of the Maintenance Shop at Powers Bluff, the status of the shelter house construction at Powers Bluff, and upgrades at CERA Park. He also reviewed the total camping nights, to date, at each of the parks.
- 15. The committee tentatively scheduled the HIRC Tour for their October 2nd meeting.
- 16. The Parks & Forestry revenue reports were reviewed.
- 17. Motion by Hokamp/Thao to approve Parks & Forestry vouchers. Motion approved unanimously.
- 18. The committee reviewed the action of the Operations Committee as it relates to the Maintenance Supervisor position upgrade request.
- 19. The 2026 draft Parks & Forestry budget administration budget was presented. Schooley reviewed some of the variances associated with both revenues and expenditures. A more finalized version will be presented at the next meeting.
- 20. The next meeting will be held on Thursday, September 4th, at 9:00 AM at the Highway Department Conference Room.
- 21. Chairman Hahn declared the meeting adjourned at 10:18 AM.

Minutes taken by Trent Miner, County Clerk, and are in draft form until approved at the next meeting.

Wood County WISCONSIN

OFFICE OF HIGHWAY COMMISSION

Roland Hawk
COMMISSIONER

August 27, 2025

To: Highway, Infrastructure & Recreation Committee

From: Roland Hawk, PE Highway Commissioner

Subject: Commissioner Report for September 4, 2025, HIRC meeting

Department Activities

Personnel/Administration

The Highway Department currently has no vacancies.

The Highway Department has followed Planning & Zoning setback requirements established in the P&Z Land Subdivision Ordinance. According to the P&Z Director, this ordinance was developed for new land subdivisions. For existing lands platted or established prior to the subdivision ordinance, there should be an ordinance consistent with the subdivision ordinance for the Highway Department to impose. Therefore, Highway is proposing to revise the access policy to incorporate the same setback on existing lands adjacent to county highways.

(7) Building Setback Lines.

Building setback lines shall conform to the requirements of the applicable zoning ordinance or the following, whichever is more restrictive.

- A. Federal and State Highways. One hundred-ten (110) feet from the center line of the highway or fifty (50) feet from the right-of-way line, whichever is greater.
- B. County Highways. Seventy-five (75) feet from the centerline of such highway or forty-two (42) feet from the right-of-way line, whichever is greater.
- C. Town Roads. Sixty-three (63) feet from the centerline of such highway or thirty (30) feet from the right-of-way line, whichever is greater.
- D. Visual Clearance Triangle.
 - 1. In each quadrant of every public street intersection there shall be a visual clearance triangle. 701-34
 - a. At intersections with speeds of thirty-five (35) miles per hour or greater in both directions of travel, the visual clearance triangle shall be determined by measuring sixty (60) feet along the property line for any "uncontrolled" traffic (not regulated by stop sign) and thirty (30) feet along the property line for any "controlled" traffic (regulated by stop sign).
 - b. At intersections with speeds of less than thirty-five (35) miles per hour in either direction of travel the visual clearance triangle shall extend fifteen (15) feet along the lot line in all directions of travel.

- 2. Objects permitted within highway setback lines and visual clearance triangles:
 - a. Open fences.
 - b. Utility poles and lines, and portable equipment.
 - c. The planting and harvesting of field crops, shrubbery and trees except that no trees or shrubbery shall be planted within a visual clearance triangle so as to obstruct the view.
 - d. Corner lots shall meet building setbacks from both streets.

Commissioner and staff have been working on the proposed 2026 budget.

Highway/Facility Projects

- WisDOT STP Project CTH F & HH Intersection Construction 2026
 - Design Engineering complete
 - o R/W acquisition complete.
 - Utility relocations in progress.
 - o Project will be LET for Bids November 2025
- WisDOT STP Bridge CTH N (STH 186 CTH N) Construction 2025
 - o LET for Bids on 12-10-24 (\$416,823) Pheifer Brothers Construction Co
 - o Preconstruction meeting held August 21
 - Issues with ATC and scheduled power outage
- WisDOT STP Urban (BIL) CTH U Village of Biron Construction 2026
 - o Design Engineering 95% Complete
 - o R/W Plat recorded and R/W acquisition nearly complete
 - o Borrow site (pond) anticipated summer/fall 2025.
 - o Coordination of box culvert replacement, to be performed by Wood Co Hwy. in August 2025
- CTH BB Realignment Project
 - o Project completed August 2025
- Marshfield Brine Building
 - Work completed,
 - o Commissioner obtained a new High-capacity brine maker through WisDOT. Expect to take delivery later in 2025, will be operational before 2026 winter season.
- CTH A Corridor Preliminary Engineering
 - o 30% Preliminary engineering complete
 - o Commissioner submitted Federal Build/Raise Grant 1-29-25/NOT AWARDED in Round 1.
 - o Commissioner anticipates submitting CHI grant for 2 mile segment for 2028 construction.
- CTH AA Lynn Creek
 - o Preliminary Road & Structure Plans 90% complete.
 - o Preliminary Estimate \$1.9 million
 - o Commissioner exploring funding options
 - o Commissioner reassigned \$139,651 LRIP funds to the Lynn Creek Bridge replacement
- Marshfield Facility Fueling Station
 - O Work began July 29 and is expected to take 6 8 weeks to complete
 - o Contractor is behind schedule but anticipates completion before November.

Highway Maintenance

Work in July included:

- Asphalt patches
- Shoulder replacement
- Sign replacements
- Culvert replacements
- Mowing & spraying roadside vegetation

WCHA Events & Misc. Meetings since last HIRC meeting

Commissioner attended the following events/meetings:

- August 4 WCHA Executive Committee meeting, Madison, WCA Office
- August 4 WisDOT Leadership Meeting, Hill Farms, Madison
- August 5 Meeting with Wisconsin Transportation Builders, Holiday Inn East, Madison
- August 7 HIRC Meeting, Highway Conference Room
- August 11 Stadt Road Bridges, Preconstruction meeting, Virtual
- August 11 STH 13/CTH Z (Griffith Ave) WisDOT discussion
- August 12 WisDOT LRIP Facilitator Feedback meeting
- August 12 WisDOT/CTH N/ATC outage meeting
- August 19 County Board Meeting
- August 19 STH 34 School Bus/Semi Truck Crash Scene
- August 20 NCR Commissioner Meeting, Plover, Portage Co
- August 21 CTH AA Progress Meeting, Virtual
- August 21 CTH N Preconstruction Meeting, WisDOT, Wisconsin Rapids
- August 25 WCHA Board of Directors Meeting
- August 26 WCHA/WTA LRIP Training, Virtual
- August 26 Online permitting update with Delasoft, Virtual
- August 27 Wood County Department Head Meeting, Court House

EQUIPMENT

A new high-capacity brine maker will be installed at the Marshfield facility between October and early December 2025. WisDOT is providing 100% of the funding to purchase the brine maker and equipment.

WisDOT has also committed to funding 60% of a new salt shed to be constructed on the Dexterville site located near the intersection of STH 80 and STH 54. The WisDOT funding is available as part of their FY 2026 budget. The Highway Department will be requesting \$300,000 for the County's share of the salt shed in the 2027 budget, and will be preparing the site for construction starting in late 2026..

Accounting Supervisor Report

By John Peckham, Wood County Highway Department Accounting Supervisor HIRC Meeting

Revenues and Expenses

Revenues are as anticipated at this point of the year. We have been working on several Road Aid and Bridge Aid projects so the revenue will be booked as those projects get completed. We are also wrapping up our big County projects so we will be focusing on municipal work in the fall, causing those revenues to increase. Asphalt revenues continue to come in as we run the plant full-time. Revenues from the State are on target.

Many expense account year-to-date totals are as anticipated for this time of year. Crushing expenses are higher than budgeted but that is likely due to not having enough years of data to create an accurate budget figure. State maintenance expenses are in excess of budgeted but those are pass-through so they will be recovered from the State.

Other

As of the date of HIRC, the budget has been promoted to Finance and the Operations Committee.

Accounting Supervisor Report

By John Peckham, Wood County Highway Department Accounting Supervisor HIRC Meeting

Budget Comments

The Highway Department is requesting additional levy in an amount to be determined by the HIRC for the 2026 budget. The draft Budget Summary shows a levy amount of \$3,214,109 compared to \$1,938,381 for the 2025 budget, an increase of \$1,275,728.

The increase is due to several factors:

- Wages
- LRIP funding The 2026 budget includes \$291,785 in LRIP reimbursements but it is all earmarked for Capital Projects. The 2025 budget had \$844,061 of LRIP revenues in the Maintenance Fund; a figure reduced to zero in the 2026 budget.
- Patrol Sections While keeping the anticipated revenues the same for conservative budgeting, materials costs have increased across the board. That can be seen in the Narrative report. It is particularly true for 1616-HWY-Patrol Sections, resulting in a \$464,823 swing.
- Machinery Operations-\$1,305,000 in anticipated equipment purchases as determined by the Highway Commissioner and Shop Supervisor. This is compared to \$995,000 in the 2025 budget, a difference of \$310,000.
- Snow Removal While keeping the materials budget the same, increased wages resulted in a \$7,063 increase.

You will find explanatory notes on the "Department Operating Budget Narrative" for functions with figures that varied by +/- 10% compared to last year. I did not comment on the variances for which Finance entered the information (Wages, Insurance, PC charges, Time Off, FICA, etc.) While the entire budget document is quite large, the "Department Operating Budget Narrative" provides the most meaningful comparison to the prior year budget. For most line items, I calculated an average of the past 4 years revenues and expenses and used that figure. For others, I kept the same amounts as those from the 2025 budget.

Philosophical Practices When Creating the Highway Department Budget

These are some notes for anyone who might be interested in the thought process behind some of the functions and their related figures.

The Maintenance Fund (Departments 1610 - 1619) - While we anticipate more expenses, we also anticipate revenue with LRIP monies in most years. Those LRIP revenues have been applied to Capital Projects in the 2026 budget. At this time, we have not received an estimated calculation of GTA for 2026 so I used a conservative figure.

The Machinery Fund (Departments 1620 - 1629) is meant to mostly pay for itself with machinery revenues. Excess revenues in the fund are used to purchase new equipment.

The EE/Benefits (ILC) Fund (Department 1630) usually has costs distributed out of it to the other funds.

Snow Removal Fund (Departments 1640 - 1641) - This fund requires, by far, the majority of our requested levy.

County Aid Roads and Bridges (Departments 1650 - 1660) - Our research has indicated that the road aid program generates revenue equal to 87% of expenses on average during each of the past 5 years. Our research has also shown that the bridge aid program generates revenue equal to 57% of expenses on average during each of the past 5 years.

The State and Local Roads Funds (Departments 1670 - 1672) are all pass-through accounts. For the most part, any work done on them is billed on a time and materials basis.

Function 49110 – Other Financing Sources – This is the money received from Debt Service, GF Reserves, LRIP Funding, and anticipated BIA contributions in the 2026 budget.

WOOD COUNTY HIGHWAY DEPARTMENT 2026 BUDGET

MISSION STATEMENT

The Department is under the leadership of a Highway Commissioner who is elected by the County Board, as directed by State Statutes.

The mission of the Wood County Highway Department is to construct and maintain 325 miles of the county trunk highway system, along with maintaining the state trunk highway system in Wood County on a contract basis for the State of Wisconsin. Additionally, the department provides road and bridge maintenance services to local governmental units upon request on a cost charge back basis. To accomplish this work, the department is responsible for the purchase and repair of all necessary equipment, as well as maintenance of an administrative staff for all accounting and ordering of equipment and supplies. Our goal is to provide for safe, convenient movement of the traveling public.

OBJECTIVES

- 1. Keep abreast of highway initiatives that will result in the County-wide infrastructure essential to promote and retain commerce and to provide appropriate safe traverse for the citizens of Wood County.
- 2. Provide the leadership role in the inspection and replacement of all County and Town bridges. Partnership with municipalities to ensure that all bridges within their jurisdiction are inspected, repaired, and replaced to meet Federal and State Bridge standards.
- 3. Pursue funding sources, in addition to tax levy dollars, necessary to maintain existing highways and to meet new construction demands.
- 4. Strive to secure maintenance and construction contracts with the Wisconsin Department of Transportation and Municipalities that will support and maintain an adequate Machinery Fund balance to meet department equipment replacement needs.

STATEMENT OF PROGRAMS AND SERVICES

Highway Committee

The County Board provides "the Highway Commissioner with... such assistants as are necessary for the proper performance of the Commissioner's duties", as directed by State Statutes.

This program is funded by tax levy and is of the highest priority as it is the prime directive of the Highway Commissioner.

The impact of a cutback or discontinuation of this program is that the Highway Department could not function.

The impact of program expenditure cuts on program revenues is that the Highway Department could not function as effectively.

Buildings and Grounds

The County Board provides "the Highway Commissioner with suitable offices... as are necessary for the proper performance of the Commissioner's duties", as directed by State Statutes. In addition, this is the program responsible for the maintenance of the County Trunk Highway System.

This program is funded by Machinery Revenue and is a high priority.

The impact of a cutback or discontinuation of this program is that the Highway Department could not function as effectively or perform a desirable level of service in maintaining the County Trunk Highway System.

The impact of program expenditure cuts on program revenues is that the Highway Department could not function as effectively.

Snow Removal

The Highway Department has an obligation to keep the highways open and safe for the traveling public.

This program is funded by tax levy and is a very high priority.

The impact of a cutback or discontinuation of this program is that the public would be unable to safety travel the highways during the winter.

The impact of program expenditure cuts on program revenues is that the Highway Department would not be able to provide the highest level of service in providing for safe driving conditions, possibly resulting in increased economic loss to the County.

County-Aid Roads and Bridges

The County Board has determined that it is in the best interests of the municipalities of Wood County to provide aid programs to help them fund large highway and bridge construction projects. The Department will provide road construction funding of \$5,000 per year to any municipality that petitions for such aid. The Department also has a bridge-aid program wherein it will, essentially, pay half the cost of new bridge construction that meets requirements.

This program is funded by tax levy and is of medium priority.

The impact of a cutback or discontinuation of this program is that the county municipalities would have one less funding mechanism to use for their road and bridge construction needs.

The impact of program expenditure cuts on program revenues is that the Highway Department would not be able to provide Wood County municipalities with needed supplemental funding for road and bridge construction. As a segregated fund, continuing deficits would eventually impact the county-wide budget.

State and Local Roads

The Department contracts with the State of Wisconsin to provide routine maintenance to the State Highway System in Wood County. In addition, there are usually temporary agreements, called Local Force Account agreements, whereby the Department provides manpower and machinery to achieve a short-term objective as set forth by the State. The Department also contracts with local municipalities for maintenance and construction needs. State assistance also comes from programs such as the Local Road Improvement Programs (LRIP) and State Bridge Aid Program.

This program is funded by state aid and monies from local government and is of high priority.

The impact of a cutback or discontinuation of this program is that the State and local municipalities would have to find alternative, private sources for their maintenance and construction needs.

The impact of program expenditure cuts on program revenues is that the Highway Department would not be able to provide a suitable level of service to the State and local municipalities.

Highway Construction

The Department constructs and maintains highways and bridges as primary functions.

This program is funded by bonding and is of high priority.

The impact of a cutback or discontinuation of this program is that the Department would be unable to meet the demands of a continuing and growing need for necessary infrastructure on the County Highway system.

The impact of program expenditure cuts on program revenues is that the Highway Department may not be able to provide a suitable level of service to the residents of Wood County.

Department Operating Budget Summary

Parks & Forestry Department Reports

September 4, 2025

Director Report, by Chad Schooley

- Powers Bluff Trailhead Shelter project will begin on September 3rd.
- Continue design work for Dexter Beach House construction project.
- Continue planning for other ARPA projects: South Park shower building, playground equipment replacement, Powers Bluff old shop site, etc..
- Contractor will be replacing asphalt shingle roof on Cera Park shelter building and grill canopy.
- Continue assisting with update of Parks, Recreation, and Open Spaces plan.

• Special Use Permits

None at this time

Maintenance Program Supervisor Report, by Dan Vollert

Construction Projects

- South Park-cap north fireplace chimney on Red Beach Stone Shelter.
- South Park-Campground Storage Shed is ordered and site being prepped.
- CERA Park-Shelter Restroom Remodel Project complete.
- CERA Park-Reroofing small pumphouse and old scoreboard buildings.
- Dexter Park: Old beachhouse demolition and designs for new shelter being determined.
- Dexter Park: Shelter is getting new concrete approach from all sides and Parking Lot being resurfaced by Highway. Also adding a paved ADA walkpath to playground & Hwy 80 boat landing toilet building, from shelter.
- North Park: Looking at replacing hand railing on Suspension Bridge.
- Powers Bluff: New Trailhead Shelter started soon. Gates installed for trailhead entrance road & new shop.

Maintenance Operations

- ALL Parks: Closed beaches after Labor Day Weekend.
- Dexter Park: Mowing & improving walkpath.
- South Park: Continue storm cleanup, from June 23 storm, that took down many trees throughout park.
- North Park & Powers Bluff: Painting gates, staining tongue & groove planking for new Trail Head Building.
- Powers Bluff: New Shop setup. Moving things in from old shop. New work benches, air compressor with hose adapters, racking, etc.
- Powers Bluff: Start dismantling old shop.
- CERA Park: Replacing sand around playground structures. Landscaping around shelter area.
- CERA Park: Getting doors rekeyed in all buildings to common keys.
- CERA Park: Diagnosing Septic issues replacing pump, and cleaning pool area out.

Employee Matters

- LTE's finishing up for the summer. All will be done by the end of September.
- Looking at updating three FTE's from Class B CDL to a Class A through Highway Department CDL training program.

Snowmobile/ATV

- Auburndale (DH) Snowmobile Bridge project off of CTH N east of Arpin is being done by Earth Inc. Abutments are installed, rip-rapped, and bridge is set. Project approaches will be completed once things dry up in area and frost firms things up.
- 2024-2025 Snowmobile Trail Maintenance Grant Reimbursement Request was sent in and payment has been received.
- 2024-2025 ATV Trail Maintenance Grant Reimbursement Request was sent in and awaiting payment.
- 2024-2025 ATV Intensive Use Area Grant Reimbursement Request was sent in and awaiting payment.
- Range Road ATV Connector Trail to Intensive Use Area is being stripped of stumps and shaped up by Highway Dept. Hoping to install road base this fall/winter.

Office Supervisor Report, by Stacie Kleifgen

- Created new templates for shelter calendars
- Prepaired 2026 budget reports
- Attended summer employee meeting
- Researched and challenged 2 Paypal payment disputes

Forest Administrator Report, by Fritz Schubert

- Timber Sales: Two active timber sales in August. Logging activity may increase in the next couple months as ground conditions improve and seasonal contract restrictions expire.
- Worked with Nick Flanagan Corp. Counsel and attorney Luke Weiland to develop a license agreement with FGM Wilderness Cranberry as directed during August HIRC meeting.
- Investigated land trade proposal (information is in HIRC packet).
- Inspected last spring planting sites. Seedling survival appears mediocre to poor. Further evaluation will be undertaken. Some replanting will likely be necessary.
- Timber sale establishment in compartment 37.
- Worked with Bill Hatch, Cranberry Creek Cranberries on committee approved ditch cleaning project.
- Forestry Technician: Cleaned and mowed shooting range. Painted forestry gates. Skid steer maintenance and repairs. Mowed county forest roads and trails.

LICENSE AGREEMENT

This License Agreement ("**Agreement**") is made and entered into as of the ____ day of _____, 2025 ("**Effective Date**"), by and between **Wood County**, a governmental entity with a principal address at 400 Market Street, Wisconsin Rapids, WI 54494 ("**Owner**"), and **FGM Wilderness LLC**, a Wisconsin limited liability company ("**User**"), regarding the use of certain property owned by Owner.

RECITALS

WHEREAS, Owner is the lawful owner of certain parcels of real property located in the Town of Remington, Wood County, Wisconsin; and

WHEREAS, User desires to obtain a license from Owner for certain uses related to cranberry marsh operations; and

WHEREAS, Owner is willing to grant such a license to User on the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and agreements contained herein, the parties agree as follows:

1. Premises and Legal Descriptions

The parcels subject to this Agreement ("Premises") are as follows:

- 1. Parcel 1400654: East 50' of the NE Fractional Quarter of Section 5, Township 21 North, Range 2 East, Town of Remington, Wood County, Wisconsin.
- 2. Parcel 1400666: Southeast Quarter of Section 5, Township 21 North, Range 2 East, Town of Remington, Wood County, Wisconsin.

(EXHIBIT A INCORPORATED HEREWITH IS ATTACHED DEPICTING SAID PREMISES)

2. Grant of License and Permitted Use

2.1 **License Grant**. Owner hereby grants to User a non-exclusive license to enter upon and use the Premises for the term and purposes set forth herein.

2.2 **Permitted Uses**. User may:

- Access the Premises for ingress and egress by any and all equipment used for cranberry marsh operations.
- Use and maintain existing ditches and dikes associated with cranberry marsh operations.
- Conduct agricultural use of any and all cranberry beds in place on Premises as of the Effective Date.

• Remove downed trees to ensure unimpeded travel and functional cranberry marsh operations. This includes the ability for User to remove obstructions to waterflow pursuant to Section 3, when needed.

2.3 **Prohibited Uses**. User shall not:

- Cut or remove trees or cause disturbances to soil or remove soil without express written permission from Owner. Any wood cut shall be property of Wood County.
- Use the Premises for unlawful purposes, or in any manner constituting waste, nuisance, or disturbance to Owner.
- No gates, fences or other obstructions to free and uninhibited use by the Owner or public shall be allowed on Owner's Premises.

3. Maintenance, Repairs, and Compliance

- 3.1 User shall keep the Premises safe and shall maintain all equipment and personal property located on the Premises in a manner so as not to interfere with Owner's use of the Premises.
- 3.2 User shall repair any injury, breakage, or damage caused by User or its employees, contractors, agents, or invitees to the Premises. Owner may, at its option, repair any such damage at User's reasonable expense.
- 3.3 User may remove beaver dams or other obstructions to waterflow.
- 3.4 User shall comply with all applicable laws, ordinances, regulations, and orders of governmental authorities having jurisdiction over the Premises.

4. Term and Renewal

- 4.1 The term of this License shall be twenty (20) years from the Effective Date ("Term").
- 4.2 User may request renewal of this License during the last year of the Term. Parties agree to communicate and cooperate in good faith concerning any License renewal for purposes consistent with this Agreement.

5. Consideration

As consideration for the rights granted herein, User shall pay Owner the sum of \$4000.00, due upon execution of this Agreement.

6. Revocation

If the Owner determines that further use of the Premises by User is not in the best interest of the Owner, for whatever reason, the Owner reserves the right to revoke this License by sixty (60) days written notice to the User.

7. Assignment and Subleasing

User shall not assign, sublicense, or otherwise permit occupancy or use of the Premises by any third party without express written consent from Owner.

8. Indemnity and Insurance

- 8.1 User shall indemnify, defend, and hold harmless Owner, its affiliates, employees, agents, officers, and partners (collectively, "Owner Indemnitees") from and against all claims, liabilities, damages, and expenses, including attorney's fees, arising out of:
 - Any act, omission, or negligence of User or its agents, contractors, employees, guests, or invitees.
 - Any accident, injury, or damage occurring in or about the Premises during the Term.
 - Any breach of this Agreement by User.
- 8.2 User shall procure and maintain insurance as reasonably requested by Owner, naming Owner as an additional insured. User shall provide a certificate of insurance prior to occupancy of the Premises.
- 8.3 To the extent permitted by law, both parties waive any rights of recovery against the other for loss or damage covered by insurance required under this Agreement.

9. Notices

All notices under this Agreement shall be in writing and delivered to the addresses below:

If to Owner:

Wood County Attn: County Forest Administrator 111 W Jackson St. Wisconsin Rapids, WI 54495

If to User:

FGM Wilderness LLC c/o Bill Haddow 6011 Washington Street Wisconsin Rapids, WI 54494

10. Waiver of Jury Trial

OWNER AND USER HEREBY WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT, THE RELATIONSHIP OF THE PARTIES, USER'S USE OF THE PREMISES, OR ANY CLAIM OF INJURY OR DAMAGE IN CONNECTION THEREWITH.

11. Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the State of Wisconsin.

INSTRUCTIONS FOR COMPLETING

APPLICATION FOR LAND TRANSACTION

This application must be filled out in full for your request to be properly considered by Wood County. You may be contacted for more detailed information. Please type or write legibly. Return the application to the Forest Administrator along with the appropriate application fee.

- Item #4 Give a legal description of the county land
 involved in your proposal. Describe the location
 of your land if it relates to the proposal. A map
 of the properties (plat map) would be helpful.

- Item #7 Will any structures be built on the site? What
 kind? How large? For what purpose? Where will
 they be located?
- Item #8 Can you develop this project or proposal on your
 own land or on other private land without involving
 county land? If not, why not? Is cost a factor? if
 so, please explain.
- Item #9 It will be your responsibility to get any permits
 required by other agencies for your project. List
 the necessary permits if any. Example: Army Corps
 of Engineers. county zoning changes. Wisconsin
 DNR water permits, etc.

LNDTRN\LNDTRN.APL

WOOD COUNTY PARK & FOREST LAND TRANSACTION POLICY AND PROCEDURES

This policy pertains to proposals initiated by third parties. It does not apply to proposals introduced by the County.

STATEMENT OF COMMITMENT

Wood County is committed to the preservation of the open spaces created by the ownership of large blocks of public land. The County is committed to the concept that public land is beneficial to the people of the County. Wood County's public land provides the base resource for the local timber industry and for the County's tourist industry. It provides habitat for wildlife and fish, it provides watershed stability and protection and it provides extensive outdoor recreation opportunities for the general public.

GOALS AND OBJECTIVES

Wood County's goal in establishing a public land ownership policy is to preserve, whenever possible, County-owned lands located within the County forest blocking boundaries, and the other lands managed by the Park & Forestry Department, and to actively manage those lands for multiple resource uses in an environmentally acceptable manner.

Objectives for the public land ownership policy are as follows:

- 1. Create a clearly defined, timely and orderly process for handling proposals to purchase, use and/or develop public lands for private purposes.
- 2. Ensure that any such proposals are truly beneficial to the people of the County.
- 3. Ensure that the proposals are viable, not speculative and that they are well planned and environmentally acceptable.
- 4. Establish minimum fee criteria for the sale of or conveyance of property rights on public lands.
 - 5. Define types and categories of property rights conveyances.
- 6. Define minimum standards and requirements of grantees in ownership or property rights conveyances.

PROCEDURES

This section outlines the steps which will be followed in processing requests for the purchase or trade of County owned lands as well as requests for permits or agreements involving the use of county-owned lands. The procedures shall apply to all county-owned lands within the blocking boundaries of the land managed by the Park & Forestry Department.

A. Application, screening and referral.

- 1. Request for purchase, trade or special use is filed at the Park & Forestry Department on the prescribed application form. This form is available at the office of the Park & Forestry Department during normal business hours. The non-refundable fee for processing of the application is \$25.00 for an incidental proposal, \$50.00 for a minor proposal, and \$125.00 for a major proposal.
 - 2. The application shall be referred to the Forest Administrator.
- 3. The Forest Administrator shall review the application for completeness and shall determine whether the proposal is incidental, minor, or major.
- An incidental proposal is a request for a special use permit of very short time duration and involves no, or minimal, physical alteration of the land or vegetation and does not exclude the use of the land by others. An example of this would be a 3 month permit to cross county property using an existing road or frozen marsh to harvest timber on adjoining private property.
- A minor proposal is a request for a special use permit or license which involves little or no physical alteration of the land or vegetation and which does not exclude the use of the land by others. An example would be a 5 year permit to cross County land, on an existing trail, to access private property.
- A major proposal includes all easements, sales, trades, or leases of County lands.

B. Processing of referred applications.

1. The Forest Administrator shall investigate all proposals in detail and shall prepare a written recommendation to the Park & Forestry Committee. When appropriate, the Forest Administrator shall also inform the Chairperson of the affected township of the application and shall invite comment on the

proposal from the township. When appropriate, the Forest Administrator shall also inform the Wisconsin Department of Natural Resources liaison forester of the application and shall consult with the liaison forester in the investigation and processing of the application in accordance with s. 28.11, Wis. Stats.

The Forest Administrator will work directly with the applicant and other persons as necessary in gathering information for completion of the written investigation.

- 2. For incidental proposals the Forest Administrator may approve and issue a permit for up to 4 months. Details of the approval will be forwarded, in writing, to the Park & Forestry Committee for their review and file.
 - 3. For minor proposals the Park & Forestry Committee shall approve or deny the request in accordance with County policy for permitted uses of County lands.
 - 4. For major proposals, which include land sale or exchange, the Park & Forestry Committee shall review the Forest Administrator's recommendation and, if unfamiliar with the properties, visit the sites involved.
- If the Park & Forestry Committee determines the major proposal has merit and is in the best interest of the County, then prior to submitting a resolution to the County Board for approval consideration, the Park & Forestry Committee will schedule a public informational meeting.
- The Park & Forestry Committee shall, as soon as practical after the public information meeting, deliberate to determine whether to accept or reject the proposal. It is understood the Park & Forestry Committee, at their discretion, may enter into further negotiations with the applicant. When appropriate, the Wisconsin DNR liaison forester shall be kept abreast of all actions taken and will be invited to submit responses in that regard.
 - a. If the major proposal, in its final form, is accepted by the Park & Forestry Committee a resolution detailing the terms of the transaction will be prepared and forwarded to the Wood County Board for approval consideration. Passage of a major proposal will require a two thirds majority vote of the Wood County Board.
- b. Section 28.11, Wis. Stats., will govern resolutions involving the withdrawal of lands from the County Forest Program.

REQUIREMENTS

Because of the high value of public lands to all the people of the County, requests for the purchase of County-owned lands which lie within the county forest blocking boundaries will not normally be considered. If, after proper consideration, it is determined that the applicant's proposal will put the land to a higher and better use and will benefit the people of the County to a greater extent, then the land may be recommended, by the Park & Forestry Committee, for withdrawal from the County Forest Program.

When the proposed use of the land is acceptable but does not require a transfer of ownership, the County may, at its discretion, offer a conveyance of property right through the appropriate legal instrument.

A. Conveyance of Ownership.

County land ownership can be transferred either by outright sale, by land trade or by a combination of the two. Any conveyance of ownership must be accompanied by a separate agreement which lists the specific uses allowed for the land.

1. Outright Sales

The sale price of any county lands shall not be less than double the value set by a qualified real estate appraiser selected by the County (appraisal fees to be paid by the applicant). The final sale even then is subject to the discretion of the County Board. Approval requires a two-third majority vote of the Board.

Monetary proceeds from the sale of these lands shall be deposited in a non-lapsing fund known as the County Forest Land Fund. This fund shall be used only for the acquisition of other lands for addition to the County forest system in order to maintain the public land base.

2. Land Trades

From time to time it is advantageous to trade lands. Any trade proposals must include lands suitable to the County for timber production, wildlife management, outdoor recreation and/or watershed protection. The value of lands taken in trade shall not be less than double the value of lands being traded. All values are to be established by a qualified real estate appraiser selected by the County (appraisal fees to be paid by the applicant). The final terms of any trade are subject to the discretion of the County Board, and require a two-thirds majority vote for approval.

08/03/2004 HLC

L:\FOREST\WP\LNDTRN\Land Transaction Policy.doc

3. Combined Transactions

Combinations of cash plus land may be given consideration at the discretion of the Park & Forestry Committee, provided the terms and conditions hereinbefore set forth are adhered to.

B. Conveyance of Property Rights

Requests for the use of County lands may be granted by one of several legal instruments. The instrument used shall be the one which relinquishes the least amount of County control over the land. Examples of legal instruments and their appropriate application are listed below.

1. Easement.

An easement is a right which entitles the holder to use the land of another for a special purpose not inconsistent with the general property rights of the owner. This type of instrument is usually appropriate for utility routes and public road rights-of- way.

2. Lease.

A lease is a written document by which possession of real property and/or improvements is given by the owner to another for a specified period of time for consideration. Lands under the County Forest Law may only be leased under the conditions in s. 28.11, Wis. Stats.

3. License or Permit.

A license or permit is a written document conferring a right, power or privilege to do a particular act or series of acts on land of another without possessing any interest therein. A license or permit can be revoked at the owner's pleasure and is usually assignable. A license or permit is distinguished from an easement or a lease which implies an interest in the land.

Such things as the right to flow lands for agricultural purposes should be handled by this means as opposed to an easement. Most other activities dealing with private individual's specific use of County forest lands should also be handled by license or permit.

4. Agreement.

An agreement is a written document executed by two or more persons expressing a mutual and common purpose. An agreement usually spells out in detail the responsibilities, obligations, conditions, liabilities, etc. of all parties concerned and would be an appropriate instrument for dealing with such activities as public school forests and sanitary landfills because of the number of items of consideration usually involved.

C. Terms of Property Rights Conveyances.

Any agreement, license, permit, lease or easement granted must contain at least the following information, requirements and terms. More requirements and terms may be added as needed to protect the interests of the County.

- 1. Location by legal description.
- 2. Permitted use(s).
- 3. Fee for the use of the land (lump sum or periodic payment).
- 4. Expiration date There will be no conveyances exceeding 99 years under this section. The shortest term possible shall be considered.
- 5. Right of the County to cancel or suspend conveyed rights with or without cause.
- 6. Requirement for grantee to restore the premises to original condition upon expiration or cancellation of the conveyance.

Any sale or trade must contain at least the following information requirements, or terms. More requirements and terms may be added as needed to protect the interests of the County.

- 1. Location by legal description.
- 2. Permitted use(s).
- 3. Sale price and terms of the sale or trade.
- 4. Reversionary clauses if any.

Other terms to be considered for inclusion into a sale, trade or other conveyance shall include timber, mineral, public hunting and fishing, and other rights and terms as appropriate

08/03/2004 HLC

L:\FOREST\WP\LNDTRN\Land Transaction Policy.doc

D. Exception

In instances involving encroachments that are the result of updated surveys, relocation of survey markers, property line changes as a result of previously mentioned survey activity; and the net impact to the County Forest is three acres or less; the Wood County Park and Forestry Committee may deviate from the previously mentioned guidelines and is empowered to resolve such situations as it sees fit. This exception requires that the County adhere to state statute 28.11 and all other statutes pertaining to the management of County Forest Lands.

TAX DEED LAND

From time to time the County takes ownership of tax delinquent private lands. Some of these lands lie within the County Forest blocking boundaries and may be of interest for addition to the County Forest system.

Whenever the County takes a tax deed to lands the following procedure shall be observed.

- 1. Upon completion of tax deeding procedures the County Treasurer shall notify the Forest Administrator of the presence of property that has been tax deeded.
 - 2. The Forest Administrator shall forward a recommendation to the Park & Forestry Committee to consider the land for addition to the county forest.
 - 3. If the land is desirable the Park & Forestry Committee shall sponsor a resolution to the County Board to add the land to the County forest and (if applicable) to enter the land under the County Forest Law. Approval of the resolution requires a simple majority vote of the County Board.

APPLICATION FORM FOR LAND TRANSACTIONS

The application form referred to in the PROCEDURES section has been designed to solicit basic information from the applicant as to the nature of the proposal, the location and the urgency of using County lands as opposed to other lands in the area. It is designed to be straight forward and easy to complete, yet requires the applicant have a clearly thought out and planned proposal. A chart illustrating the application/approval process is contained in appendix 1.

FOREST ADMINISTRATOR'S INVESTIGATION & RECOMMENDATION

LAND TRADE PROPOSAL NEKOOSA MARSH ROAD CRANBERRY LLC

August 25, 2025

Nekoosa Marsh Road Cranberry LLC (NMRC) has proposed a land trade with Wood County which involves 20 acres of Wood County Forest land (WCF) in exchange for 46.95 acres of privately held property. NMRC is proposing that the final value of the trade be 2:1 in favor of Wood County based on land appraisal and as required by Land Transaction Policy. A summary of pertinent factors, attributes, considerations and Forest Administrator's recommendation follows:

Location (refer to attached map): The Wood County parcel is located in section 15, T22N – R5E, Seneca Township. The private parcel being offered in exchange is located in sections 23 and 26, T22N – R3E, Dexter Township, and lies within the blocking boundaries of the Wood County Forest established in the Wood County Forest Comprehensive 15-Year Land Use Plan.

Land Features and Condition: Wood County Parcel lies adjacent to snowmobile trail and just southeast of the WCF public shooting range. It is adjacent to NMRC land. The timber on this parcel has been recently harvested under a regeneration harvest prescription. Scattered mature white pine seed trees and abundant seedling and sapling regeneration are present. The NMRC parcel is adjacent to WCF on two sides and lies within the Yellow River bottoms. **Currently NMRC does not own** this parcel but has an offer accepted contingent upon Wood County approving this trade and proceeding to withdraw the 20 acres from the County Forest program. The timber on the NMRC parcel is primarily mature bottomland hardwoods and oak. Access for logging is difficult, and portions may not be economically feasible to harvest. Environmental/ecological features associated with mature bottomland hardwoods in the Yellow

Environmental/ecological features associated with mature bottomland hardwoods in the Yellow River bottoms are considerable and much more significant than those associated with the WCF 20-acre parcel. County Forest blocking will be somewhat improved and simplified as result of this land trade.

Land Value: Unknown, will require DNR approved appraisals. Because the trade being proposed based on acreage, is much greater from NMRC side (greater than two to one), it is likely that the final trade package may require additional compensation from Wood County to NMRC.

Timber Value: Minimal on the Wood County parcel as very little timber remains due to recent regeneration harvest. Timber on the river bottom parcel has not been cruised or appraised but theoretically is greater. However, harvest on portions of the acreage may not be feasible due to ground conditions and other environmental factors associated with river bottom habitat.

Recreational Value: Recreational value associated with the WCF 20-acre parcel is comparable to much of the County Forest with hunting being the most likely activity. Walk-in access from Marsh Road and adjacent snowmobile trail is good. However, status of habitat and post-harvest

conditions will make hunting difficult for several years. The snowmobile trail itself will not be impacted by this land trade proposal as the trail lies just west of parcel to be traded. Recreational value on the river bottom parcel is good, however walk-in access may be more difficult due to greater distances and seasonal ground conditions associated with it. Most likely public uses are hunting, fishing, nature study and possibly canoeing/kayaking. Wildlife populations and species diversity are much greater on the river bottom parcel compared to the 20-acre WCF parcel.

Wisconsin DNR Approval: County Forest land trades require evaluation by WDNR. Part of the evaluation requires determination whether the proposal has a greater benefit to residents of the county and state by withdrawing the parcels from the County Forest vs maintaining entry of the parcels. Furthermore, the Wood County Forest 15-Year plan mentions "If, in the opinion of the Committee and county board, the land will be put to better and higher use and will benefit people of the county and State to a greater extent by being withdrawn from the County Forest Law program, the County should follow the withdrawal procedure as outlined by the Public Lands Handbook". This trade proposal has a good chance of success based on acreages involved, ecological significance of the river bottom parcel, and potential recreational benefits.

Other considerations: If this land trade is to proceed there are going to be cost items to consider including DNR approved land appraisals, land surveying, drafting of documents, recording of deeds. NMRC has already ordered land appraisals from a qualified appraiser and is willing to pay for them. If in the course of appraisals and resulting negotiations, in order make the final result 2:1 based on \$ value, ample funds exist in the non-lapsing County Forest Land Fund for a payment to be made to NMRC.

Recommendation: In my opinion this proposal is worth pursuing and has the potential to be advantageous to both parties. Wood County Forest will acquire a parcel which: 1) contains mature timber which could provide future revenue, 2) blocks in well and slightly improves forest boundaries, 3) contains excellent wildlife habitat and supports a greater number of species, 4) provides greater recreational opportunities, 5) provides greater ecological benefits.

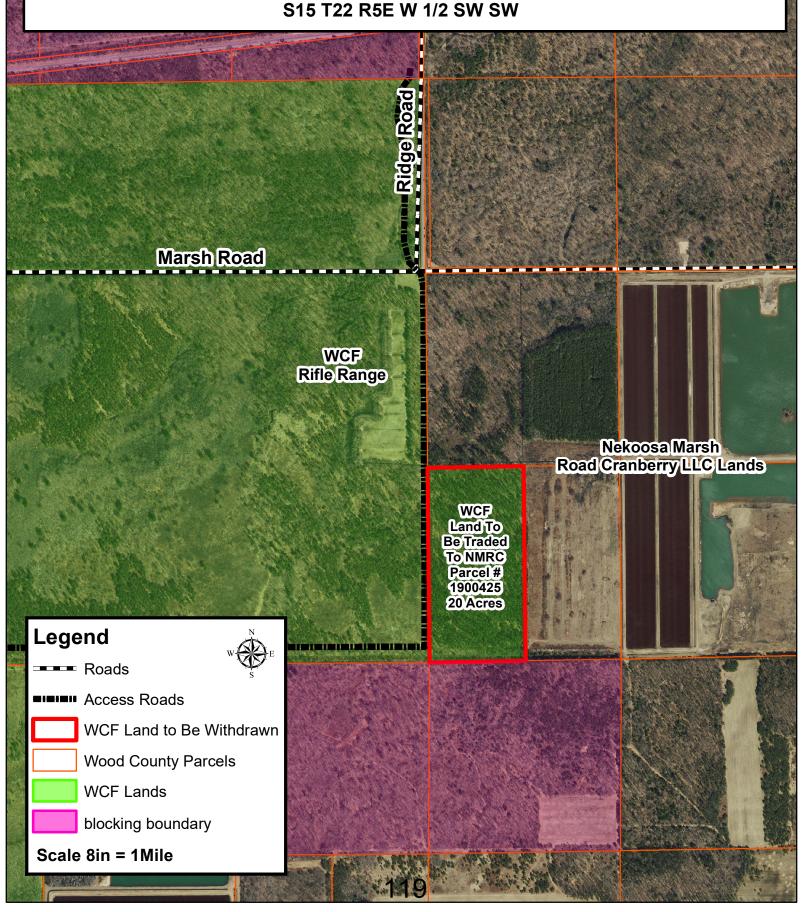

NMRC is a Wood County business and will acquire a parcel that fits in with their operations. Past Wood County Forest land trades have been win-win situations for both parties involved, and this proposal continues that track record. Therefore, my recommendation to the HIRC Committee is to proceed with this proposal. Once appraisals are completed and final values and any other details are addressed, the Forest Administrator will draft a resolution to withdraw the 20 acres from County Forest, followed by Committee and County board approval.

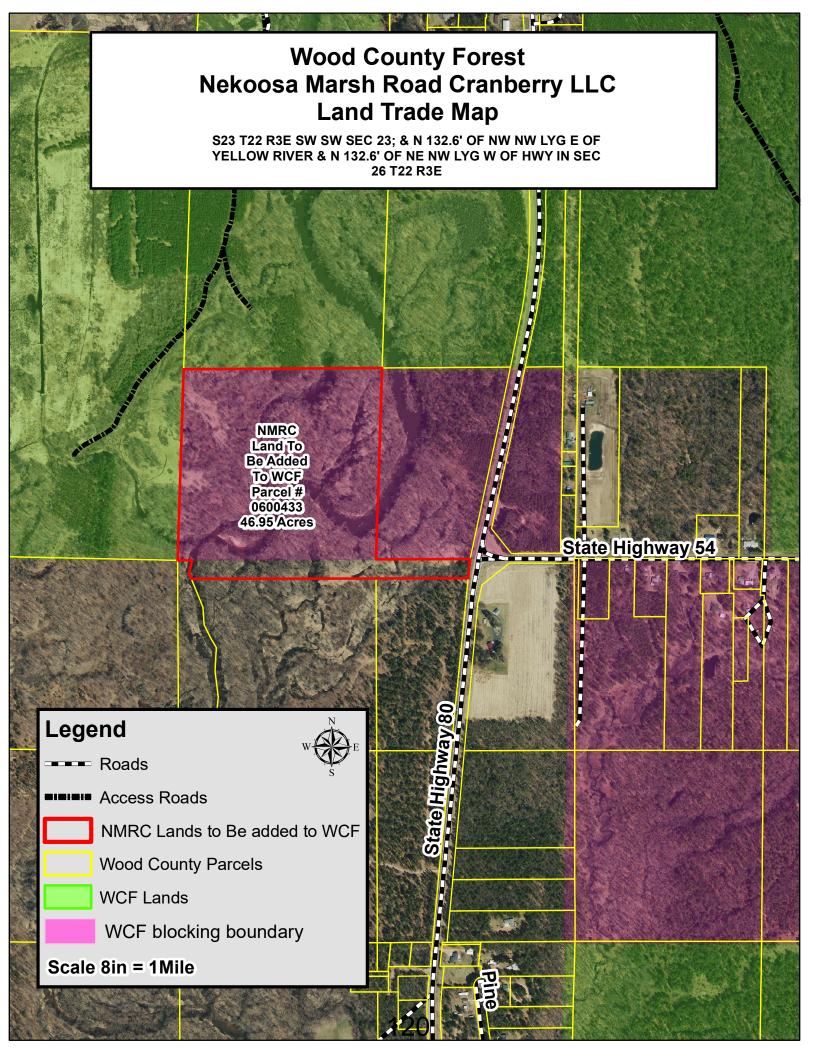

Fritz Schubert

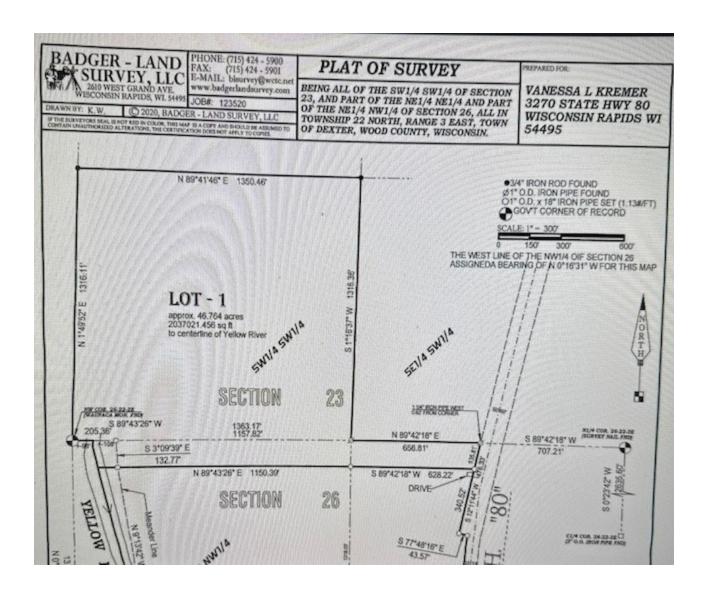

Wood County Forest Administrator

WOOD COUNTY PARKS

"MISSION STATEMENT"

To develop, maintain, and operate facilities, resources and programs that meet the outdoor recreation, environmental, and economic needs of the public; and provide clean, safe, quality family enjoyment at a reasonable cost.

WOOD COUNTY FOREST MISSION STATEMENT

The mission of the Wood County Forest is to provide current and future generations with outdoor recreational opportunities and raw materials for wood using industries on a sustainable basis.

Management of the Forest should balance local needs with broader concerns through integration of forestry, wildlife, fisheries, endangered resources, water and air quality, soil, and recreational recommendations and practices. Multipleuse management will provide this variety of products and recreational amenities for the future through the use of sound forestry management practices. The Forest will also be managed for such environmental needs as watershed protection, the protection of rare plant and animal communities, and biological diversity.

The Wood County Forest should be protected from natural catastrophes such as fire, insect and disease outbreaks, and from possible detrimental effects of human encroachment, over-utilization, environmental degradation and excessive development.
