OFFICE OF CORONER

David A. Patton

DATE: August 03, 2025
TO: Wood County Public Safety Committee

SUBJECT: Monthly Activity Report – July 2025

Remarks:

A busy month for the Coroner's Department. We saw an influx in suicides and fall related deaths. I hope this is a fluke and doesn't become the norm.

Our search continues to find staffing to replace Deputy Coroners Joling and Kaudy. It doesn't do our department much benefit to hire someone who currently has a 9-5 regular job as this is when coverage is needed in case of autopsy transports and to reduce the travel time from north to south end calls. I believe we will find the right individual, but it may take time. I know

Deputy Coroner Travis Patton is planning on heading back to Antarctica in October, this time for a full year so he will be putting in for a leave of absence when the time comes. I will keep you updated on our search to replace our staffing.

Respectfully Submitted,

David A. Patton
Wood County Coroner

Notes: The notes reflect the current month for the report numbers

#2 – Calls for Service: North end Wood County received a total of 70 calls for service, 5 of which were requests to respond to scene calls. South end Wood County received a total of 40 calls for service, 7 of which were requests to respond to scene deaths. I received a total of 9 calls requesting follow-up or requesting copies of reports.

#4 – Falls: We had three fall related deaths that were ruled accidental in nature. All were in our elderly population and all three had underlying medical conditions and were under hospice care prior to the fall. After the falls, all three declined abruptly and expired within a week of the traumatic injury. I spoke with Dr. Corliss regarding how to sign these cases out, natural or accidental, as I had heard either is acceptable. He informed me they are accidental as the recent traumatic injury expedited the death and the key factor is the decedent did not return to their “baseline” prior to the fall.

#8 – Suicides: Sadly, in the month of July, we had 4 suicide cases. Two were males and two were females of varying ages. Two had underlying mental health issues, including PTSD. The methods varied based on gender of the individual. Both the males used the same means as did both females. However, the males chose one means while the females chose another.

#15 – Autopsies: We had two autopsies in the month of July. The first, a 58-year-old male, is a suspected “mixed drug toxicology” related death. This autopsy was performed in July but is a case from late June when he expired. The second case is a 1-month-old infant. No initial cause of death was found at time of autopsy. This is possibly a case of improper bedding materials or sleeping conditions.

July 28, 2025

Dear Sheriff Becker,

I am writing to reiterate the interest our district has in working with the Wood County Sheriff's Department to have a resource officer in the School District of Auburndale. We have had a number of discussions on this topic, and I am hopeful that we can have an officer in place for the 2025-26 school year.

Having been the principal at Auburndale Middle School and High School for the last six years, there have been numerous times I have had to reach out to the Wood County Sheriff's Department for assistance. Unfortunately, the Village of Auburndale does not have a police department, so we do not have any law enforcement officers in our vicinity for the majority of the school day. Our district has around 800 students in attendance each day, including around 420 in my building. Fortunately, the majority of calls are not emergency calls, but there is always the potential for that.

This past school year, we had one particularly stressful incident which involved having a firearm on the school premise. This resulted in a building lock-down, and the response time from law enforcement was not ideal. This put added stress upon our students, staff and community.

Along with having an officer in our district as a deterrent for illegal activities and being able to respond quickly in emergencies, I also see the value of the day-to-day interactions with our students. I am a proud supporter of law enforcement, and I want to give officers the opportunity to build positive relationships with our youth. I see the value in having an officer present regularly to help with that.

As the incoming superintendent, I am putting school safety as a top priority. Having a school resource officer would be a huge step in the right direction. As a small district, we can not afford our own officer, so we are reaching out to the Wood County Sheriff's Department for assistance. As a school district we are willing to contribute up to \$60,000 annually for the next three years. This contribution would be to help contribute to the cost of the resource officer. Please reach out to me with any questions.

Sincerely,

Steven Van Wyhe
Superintendent
