Health and Human Services Committee Agenda

Thursday, February 23, 2023, 5:00 pm

River Block Building, Room 206

111 W Jackson St, Wisconsin Rapids

- 1) Call to Order
- 2) Declaration of Quorum
- 3) Public Comments
- 4) Syringe Services Program at River Block

5) Consent Agenda:

a) <u>Meeting minutes</u>:

Health and Human Services Committee (HHSC) ... January 26, 2023

b) <u>Narratives</u>:

<u>Department Head/Supervisor Monthly Reports/Narratives</u>: Edgewater Haven, Veterans Service Officer (CVSO), Health Department, Human Services

<u>Other Narratives/Reports/Informational Material/Resolutions</u>: Health Department, Edgewater Haven, Veterans Service, and Human Services credit cards detail, Edgewater Haven marketing report, Edgewater Haven caseload statistics, Edgewater Haven Physical/Occupational Therapy (PT/OT) report, CVSO supporting documents/educational material

c) <u>Vouchers</u>: Vouchers from Edgewater Haven, Health Department, Human Services, Norwood Health Center, Veterans Service

Consent agenda items will be acted upon by the Health and Human Services Committee in one motion without discussion unless a Committee member requests an item(s) be removed for discussion and separate consideration

- 6) Discussion and consideration of item(s) removed from consent agenda
- 7) <u>Financial Statements</u>: Edgewater Haven, Human Services, Norwood Health Center
- 8) River Block Renovations
- 9) Edgewater Haven Ad Hoc Committee Update
- 10) Environmental Health 2023-2024 license fee changes
- 11) Adopt the Wood County Rabies Control Policy and Procedures and the statutory penalty provisions attendant thereto via the Wood County Code of Ordinances
- 12) Human Services Risk Reserve Policy
- 13) Consideration of using additional Transportation Program Trust funding to purchase a new bus
- 14) Norwood Health Center Lobby/Building Security Project Proposal
- 15) Health Department out-of-state travel request to attend the National Association of City and County Health Officials (NACCHO) Annual Conference in Denver CO, July 10-13, 2023 with all expenses paid with grant funds
- 16) Legislative Issue Updates
- 17) Future Agenda Items
- 18) Next Meeting(s):
 - March 23, 2023; 5:00 pm, Wood County Annex & Health Center, Classroom Marshfield
- 19) Committee may go into closed session pursuant to 19.85(1)(f) Wis. Stats.to consider two leave of absence requests
- 20) Return to open session
- 21) Adjourn

HEALTH AND HUMAN SERVICES COMMITTEE

5a

DATE: January 26, 2023

PLACE: Wood County Annex & Health Center - Classroom, Marshfield (meeting also accessible via WebEx)

PRESENT: (in-person) Adam Fischer, Tom Buttke, John Hokamp, Lee Thao, Donna Rozar, Rebecca Spiros RN (via WebEx) Kristen Iniguez DO

EXCUSED: Lori Nordman, Mary Jo Wheeler-Schueller

ALSO PRESENT (for all or part of the meeting): Brandon Vruwink, Mary Solheim, Kyle Theiler, Marissa Kornack (Human Services); Rock Larson (Veterans Service); Sue Smith, Kathy Alft, Ben Jeffrey (Health Department); Reuben Van Tassel (Maintenance); Ed Newton (Finance), Lance Pliml (County Board Chair), Bill Clendenning, Bill Leichtnam (County Board Supervisors)

1) Call to Order

Meeting called to order at 5:00 p.m. by the Chair.

2) Quorum

Fischer declared a quorum.

- 3) Public Comments
 - n/a
- 4) Veterans Service Presentation on VA Health Care Enrollment Rock Larson provided an overview of Federal Veteran Administration eligibility and enrollment for health care.
- 5) Consent Agenda Motion (Buttke/Thao) to approve the consent agenda. All ayes. Motion carried.
- 6) Discussion and consideration of items removed from consent agenda
 - n/a
- 7) Financial Statements Edgewater Haven, Human Services, Norwood Health Center Quarterly Reports – Veterans Service, Health Department

Department staff answered questions regarding information in the financial statements and quarterly reports.

8) Health Department Groundwater Quarterly Update

This quarterly update was moved up in agenda order. Ben Jeffrey shared a few groundwater updates with nitrates in the area and where to find data from the studies that were conducted. Ben mentioned the Memorandum of Understanding (MOU) between Adams, Juneau, and Wood counties, along with three neighboring farms, has ended and will not be extended. Bill Leichtnam briefly expanded on Ben's update, and shared concerns with the end to the MOU.

9) Resolution to amend the 2022 budget for Human Services, Norwood Health Center, and Edgewater Haven programs for transfer of available appropriations to functions where actual expenses are recorded

Brandon Vruwink explained reasons for variance of budgeted expenditures. Motion (Buttke/Spiros) to support the Resolution as presented and forward to the Operations Committee for co-sponsorship and County Board for approval. All ayes. Motion carried.

10) Resolution to approve the use of American Rescue Plan Act (ARPA) funds for the additional expense for Capital Improvement Plan (CIP) 20-22-005 in the Human Services, Norwood Health Care (NHC) 2022 budget

Marissa Kornack explained this is in follow-up to approvals that had been made late last year. Motion (Hokamp/Spiros) to support the Resolution as presented and forward to the Operations Committee for co-sponsorship and County Board for approval. All ayes. Motion carried.

11) Edgewater Haven Ad Hoc Committee Update

Kyle Theiler provided an update with activity.

12) Edgewater Haven 2023 Capital Improvement Project EZ Lift with Scale

Kyle Theiler explained request to purchase two vs one lift. Motion (Buttke/Spiros) to approve two EZ Lifts as requested. All ayes. Motion carried.

13) Health Department out-of-state travel request to attend the NACCHO (National Association City & County Health Officials) Preparedness Summit in Atlanta GA April 24-27, 2023 with all expenses paid by the Emergency Preparedness Grant

Conference details and learning objectives were shared in the committee packet. Motion (Thao/Hokamp) to authorize attendance to the NACCHO Preparedness Summit in Atlanta GA with all expenses paid using grant funds. All ayes. Motion carried.

14) Legislative Issue Updates

Department heads provided updates regarding issues pertaining to their departments.

15) Items for Future Agenda

The Chair noted items for future agendas.

16) Next Meeting(s)

• February 23, 2023, 5:00 pm, River Block Building Room 206 - Wisconsin Rapids

17) Closed Session

Motion (Buttke/Thao) to convene into closed session pursuant to Wis. Stat. 19.85(1)(f) Wis. Stats. to consider leave of absence request. Fischer: Aye, Rozar: Aye, Buttke: Aye, Hokamp: Aye, Thao: Aye, Iniquez: Aye, Spiros: Aye. Motion carried. The Committee went into closed session at 5:38 p.m.

18) Return to Open Session

Motion (Spiros/Thao) to return to open session at 5:43 p.m. All ayes. Motion carried.

19) Adjourn

Motion (Buttke/Thao) to adjourn the meeting at 5:43 p.m.

Minutes taken by Kathy Alft and subject to Committee approval.

5(b)

<u> ADMINISTRATIVE REPORT – SUE SMITH, RN, MSN</u>

Vacation

I will be on vacation when you meet in February, enjoying some much needed sunshine and beach time. Kathy and Chairman Fischer know how to reach me if you need anything. Have a great meeting!

Child Care Access

We worked closely with Childcaring, Inc. on their application to Legacy Foundation to support child care access needs in the greater Wisconsin Rapids area.

You may have seen the Governor's press release about his funding priorities. Child care was mentioned several times as a priority. We will continue to monitor the state budget process to determine where funding ends up being allocated for child care initiatives. We want to avoid requesting local ARPA dollars for something that will otherwise be funded by state funds. More to come as we stay on top of this issue.

Opioid Abatement Planning

Staff are finalizing a data collection tool that is being created to gather information from partners about services that currently exist in an effort to determine gaps in services and resources that are in alignment with the opioids settlement allowable expenses. We are also waiting on additional guidance and information from the Wisconsin Counties Association Opioid Task force as well as the National Association of Counties Opioid Leadership Strategy group. We are being very diligent about planning for this work since resources are limited and we want to assure the biggest bang for our buck. We also value the recommendations and guidance of these other groups and do not want to get out ahead of that guidance.

COMMUNITY HEALTH IMPROVEMENT PLANNER REPORT - KRISTIE RAUTER EGGE, MPH

Health People Wood County (HPWC) Community Health Improvement Plan

- Developed annual report information for the CHA (Community Health Assessment), CHIP (Community Health Improvement Plan), community engagement, and health equity. Meeting with HPWC staff leads to update the HPWC CHIP Monitoring Plan, which is done twice each year.
- Continuously conducting one on one meetings for the WPHA (WI Public Health Association) CHA/CHIP pilot we were chosen to participate in; working with hospital system partners to update CHA survey questions and focus group questions. Working on activities in the action plan for the qualitative data grant we received from DHS met with partners to serve as sub-grantees to assist with recruitment of focus group participants and facilitate the focus groups; developing questions for the focus groups.
- Staff reviewed Aspirus Riverview Hospital's Implementation Strategy document, which outlines the community facing strategies they are focusing on to address top health priorities amongst community members.
- Progress was made on two internal resources for Healthy People Wood County. One is a software package that'll help produce and maintain a community facing dashboard. This dashboard will contain relevant data and information pertaining to the Community Health Assessment and Community Health Improvement Plan. The other internal resource started was the Healthy People Wood County Performance Management Workbook. The workbook will focus on the key activities of the Healthy People Wood County team to identify how the team is doing in varying workflows and to identify any areas of improvement the team would like to focus on for 2023.

Mental Health Matters

The local clubhouses had their monthly advisory board meeting to discuss the happenings of the two clubhouses and to review the standards they seek to meet in order to maintain an accreditation level of work and functionality. Additionally, the storyteller workgroup, a closely associated workgroup to the clubhouse, met in January to strategize its key activities for the start of 2023 to move forward the training and recruitment of storytellers and preparing for community presentations. One key decision made during the storyteller workgroup meeting was that the storyteller training, Up to Me, needed to be revised and consolidated into a manageable one day, one to two hour training. Julia, the AmeriCorps member for the Wood County Health Department, started work on preparing the Up to Me Training and is set to report back to the storyteller workgroup in early February.

Another community initiative of Mental Health Matters is to deliver the suicide prevention training, Question, Persuade, Refer (QPR), to various groups and populations. In January, a QPR training was delivered to the PATCH teen workgroup during one of their enrichment nights. Traditionally, the vast majority of the QPR trainings that have been done recently have been to adult populations, so this was an opportunity to deliver the training to a youth population instead. Since the

QPR training appeared to be well received by the youth, there is now more interest in seeking ways to deliver the training to additional youth groups in Wood County.

Substance Use – IMPACT

Community members were invited to attend the IMPACT meeting January 9 at a new time that was more conducive to PATCH Teen Educators to attend. This was an immense change to allow youth to have their voice be a part of these meetings. Participants heard from Aspirus on their Opioid Governance Council including the reason it was formed, the makeup of the council, accomplishments, and the intersection of the council with the community. The next IMPACT meeting will take place Wednesday, March 1.

• THC Committee: The THC Committee completed a second round of environmental scans to compliment previous information gathered from scans. This gives a baseline for how many retailers are selling psychoactive cannabinoids and observations of how products are being sold. A total of 24 retailers have been identified in Wood County and each retailer has varying standards for how products are marketed and sold. This committee will continue to provide education and awareness around Wood County ordinance 236.06, and glean information from retailers to help determine what resources and trainings may be needed to support compliance.

A presentation was given to the Wood County Towns Association on January 20 that provided an overview of Wood County's newly enacted ordinance, and shared why this committee found a need to have the ordinance in place. To date, three local municipalities within the county have adopted the language into their local municipal codes.

- *Rx Committee:* Efforts are underway to plan for and promote the April 22, 2023 Drug Take Back event. Wisconsin has been a top contributor to these disposal events that remind individuals about the importance of securing or properly disposing of all medications. These initiatives both protect our drinking water from pharmaceutical contaminants, as well as prevent prescription drug misuse that can lead to health implications including substance use disorder and unintentional overdose death.
- NARCAN Direct Program: Public health has been invited to share information with the Adult Day Treatment Groups once a month. These trainings will include information on sexually transmitted disease and communicable diseases, such as Hepatitis C and HIV, as well as train individuals in NARCAN administration and Overdose Prevention. These important trainings were identified to support high-risk individuals. An additional training took place Monday, January 23 at Aspirus Riverview in the MSTC Simulation Center. There will be additional trainings offered through MSTC. Community agencies have been reaching out to public health to request NARCAN in order to comply with new state requirements.
- *Recovery Support:* Three Bridges Recovery Wisconsin, Inc. hired a 0.5 FTE Office Manager through the Building Communities of Recovery (BCOR) Support grant. Housed in Wisconsin Rapids, the non-profit is the only peer recovery support organization in central Wisconsin and is now serving seven counties. Progress was made to get peer recovery coaches in the Langlade Jail, and the organization partnered with a men's sober living facility in the same county to offer donated office space.
- Providers and Teens Communicating for Health (PATCH): PATCH Teen Educators participated in the quarterly IMPACT meeting, where they were able to meet members and key stakeholders in the community to address health disparities as it relates to youth substance use. A PATCH for Providers workshop was presented to guidance counselors, social workers, and school psychologists at Lincoln High School for Professional Development Day. School staff shared excellent feedback and were impressed with the teens' presentation, as they have been asked to return for additional workshop presentations. A QPR (Question, Persuade and Refer) training for suicide prevention was completed by the teens, along with enactments to further support them in using these new skills with their peers.

Increase Access to Healthy Food

- The regional coordinator is currently working with the Wausau Farmers Market in their process of becoming a nonprofit. Support is also being provided to the Waupaca Farmers Market as it works through a change in their fiscal structure, which also includes the market becoming a nonprofit. In the last month, through conversations with market managers and other partners, there has been planning of a Central Wisconsin Market Token program. Staff also continues to stay connected with Farm2Facts as they process the data collected in the 2022 market season. Lastly, continuous coordination takes place with the two graduate students from UWSP supporting the USDA grant and sustainability plan for farmers markets.
- Wisconsin Rapids Downtown Farmers Market has renewed its application to vend at the downtown location with the City
 of Wisconsin Rapids. Meetings with community partners are underway to talk about support needed for the market,
 especially on Saturday's. There is discussion about increasing our vendor fees slightly to help offset the cost of cleaning
 the porta-potty twice a week this market season.

Health in All Policies

We are working with the City of WI Rapids Community Development Department on next steps to share the Health Impact Assessment widely and develop an action plan to implement recommendations from the assessment.

Recreation and Transportation

Planning for bike share 2023 is underway. Sponsorships and donations are currently being sought to help cover the cost of the technology for the app to utilize the program.

Safe Kids Wood & Clark Counties

The Safe Kids coalition meeting took place last month. We began editing bike helmet forms & selected schools to go to this year for bike helmet fittings. We are currently working on selecting a date to go into the schools for those interested in purchasing a helmet. We also met with Safe Kids Coordinators to review our Safe Kids Action Plan for 2023.

Health equity

Created a Health Equity 2022 Year in Review document to share the 2022 highlights.

Other

A staff member continues to serve on WPHA's Policy & Advocacy Committee. Another staff is on the board as the Secretary.

Personal update

Niki Lucht's daughter Miley's esophageal repair surgery and stomach surgery went very well! They were able to connect the two ends of her esophagus which they were 95% sure wouldn't be an option after her 3rd complication surgery back in October. Her surgeons said it was the best case scenario and her recovery has been going very well so far. They're hoping to bring her home in the next month or so. It's been a long, difficult journey but they are finally seeing a light at the end of the tunnel. The girls turned 6 months old at the end of January!

ENVIRONMENTAL HEALTH REPORT - BEN JEFFREY, R.S.

AGC MOU Update

The AGC Groundwater MOU expired on December 31, 2022. A closing meeting was held on Tuesday, January 10, 2023. A final summary of the data collected through the MOU was presented to those attending the meeting, and shared to local health departments as well as other agencies involved. With the MOU expired, AGC has chosen to end their involvement moving forward and made it clear that they will not be conducting any further studies in the area. AGC will continue water treatment for qualified residents in the affected area while supplies last. Future communications between the parties involved in the MOU will be handled as needed.

Through the AGC MOU from 2019-2022, the Wood County Health Department conducted outreach efforts to residents within the area defined as the "AGC Corridor." Over the nearly 4-year period, staff collected over 580 residential well samples to identify nitrate contamination in groundwater. Under the MOU, any resident with a nitrate result over 10 mg/L was provided resources to obtain safe drinking water until a reverse osmosis system could be professionally installed. A reverse osmosis system is typically a single point filtration device that filters nitrates to a level acceptable for safe drinking water. Staff members were able to provide education to residents throughout southern Wood and northern Juneau Counties related to groundwater contamination. As groundwater contamination persists in the area, staff continue to provide education and attend local groundwater meetings, as well as available trainings on emerging contaminants.

New Businesses and Consultations

A pre-licensing inspection was completed for Fleur De Lis, which will be moving into a new building, formerly known as Crabby Dave's. A pre-licensing inspection was completed for Carriage Café, a mobile food establishment based out of southern Wood County. Jims BBQ received a pre-licensing inspection due to a change of ownership. A plan review was conducted for a local swimming pool for changes in chemical feeding systems. Staff provided a consultation this month with a Wood County establishment on food safety practices as well.

Complaint Investigations

Eight complaint investigations were completed in the month of January.

- A complaint was received regarding bedbugs in a residence. Staff were onsite to provide information for treatment. No health hazards were observed at the time of visit.
- A complaint was received regarding bedbugs in a licensed establishment. Staff were onsite and found no evidence of bedbugs. It was noted that the complainant was charged \$50 for smoking in the room of concern.
- A complaint was received regarding smoke from a neighboring property. This complaint investigation is currently ongoing.
- A caller reported an unsanitary shake machine at a licensed establishment. Staff were onsite for investigation, but found no violations, and a clean machine.
- A complaint was received regarding bedbugs in an apartment complex. Staff contacted the landlord and professional treatment is being conducted.
- A homeowner requested a consultation on mold growth in their home. Staff were onsite and provided cleaning information as well as signs and symptoms that may indicate a visit to a primary care provider may be warranted.

- A tenant reported maintenance and sewage issues at a rental complex. Staff contacted property management and the sewage issues have since been addressed. No other health hazards at this time.
- A complaint was received regarding living conditions in a licensed lodging facility. Staff were onsite and found violations that required corrective action by the operator. A follow up inspection will occur.

HEALTH PROMOTION AND CHRONIC DISEASE TEAM REPORTS

Oral Health Program - Nicole Burlingame, RDH

The sealant program is in progress at the elementary and middle schools. We are continuing to provide oral screenings, education, dental sealant, and fluoride varnishes. The first and second fluoride varnish visits have been completed at all of the Wood County Head Starts. We have provided preventative dental care to 1,199 children so far this school year.

COMMUNICABLE DISEASE & FAMILY HEALTH AND INJURY PREVENTION REPORTS - ERICA SHERMAN, MSN, RN, IBCLC

COVID-19 and other respiratory illness

As of February 1, we are no longer offering COVID testing by appointment. The general public and businesses can still obtain home test kits and masks upon request (through our website: <u>https://hipaa.jotform.com/wchd8911/covid-19-tests-and-masks-order-form</u>). Below is an infographic depicting test kits and masks distributed September thru December 2022.

Wood County Health Department COVID-19 Antigen Test & Mask Distribution Summary

Regularly scheduled COVID vaccine clinics have been discontinued as well. We will continue to provide COVID vaccine at our monthly routine vaccination clinics and at pop-up sites in partnership with H2N.

Our region is currently experiencing moderate levels of influenza-like illness with predominant circulating viruses in the state being rhinovirus/enterovirus. Percent positive influenza continues to decline in Wisconsin. COVID Community Level in Wood County is low.

Parents as Teachers

Our Community Health Worker position has been filled and three staff members have started training. We hope to begin accepting referrals in early spring. This program will engage parents in home visiting through an evidence-based model focusing on parent-child interaction, child development, and well-being.

WOMEN, INFANTS AND CHILDREN (WIC) REPORT - CAMEN HOFER, RD, CD, CLC

WIC continues to complete most appointments over the phone during this time. In person appointments are available, upon request, one day per month. The physical presence waiver to allow appointments over the phone currently goes through August 9. The waiver is tied to the public health emergency declaration, which is now set to expire, and requires WIC agencies provide remote services 90 days past the expiration of the public health emergency declaration. During this time Congress, the National WIC Association, Wisconsin WIC Association, and State WIC employees are working to change policies on a federal level to allow for flexibilities for remote services after the waivers expire.

WOOD COUNTY HUMAN SERVICES DEPARTMENT REPORT February 2023

Director's Report by Brandon Vruwink

I, along with other representatives from Wood County, attended the County Ambassador Program on January 25. We met with all seven of our legislators. We spoke about Wood County's and the state's needs, particularly related to Mental Health and Crisis Services. The next meeting for the CAP program is on April 12, which is called "Human Services Day at the Capital." The primary focus in April is on Human Services issues. The list of topics we plan to address is wide-ranging. I will include the issues being addressed in a future update.

The Nursing Home industry also has groups that advocate on our behalf. WCA and the Wisconsin Association of County Homes support advocacy efforts, but the leader in this area is Leading Age Wisconsin. Leading Age is hosting a day at the capital on March 14 for all member Nursing Homes. Marissa, Kyle, and I plan to attend and visit with our legislators to discuss issues important to both Edgewater Haven and Norwood Health Center. It is important for providers from across the state to share our perspectives on what is happening within the Nursing Home Industry with our local representatives.

At the time of this writing, the Governor has released only bits and pieces of his 2023-2025 biennial budget. By the time the H&HS Committee meets, the entire budget will have been released. While the Governor's budget is a starting point, the legislature will review and modify it over the next several months. To date, the Governor has made several proposals that address the need for additional mental health funding. Funding for mental health services is a significant need, but many other areas need additional financial support. I plan to provide further updates in my March report.

I am pleased to report the security enhancements are nearly complete at the River Block Building. While there are a few more doors to open, the building is much more secure. I appreciate the courtesy and professionalism of the Maintenance Team, along with the contractors who have been on-site to finish the project. Facilities Manager Van Tassel and I have continued planning for additional office buildouts within River Block. We have an open space that can be converted into 4-5 offices to accommodate staff needs. The room is located in an area that will cause little disruption to staff while undergoing renovation. I look forward to working with Reuben as this project moves forward.

Administrative Services Update by Mary Schlagenhaft

Administrative Services Team members attended various meetings specific to their job duties during the month. These included, but not limited to: Health & Human Services Committee, Operations, County Board, Team Building, Division Budget projection, Division Specific Management, Process and Individual Progress Meetings and any Performance Evaluations for team members submitted timely. All team members worked together to cover shortages in immediate needs due to absences and vacancies.

Additional accomplishments: Ongoing EHR SmartCare learning, workflows and processes.

Claims and A/R team:

- Ongoing SmartCare meeting, testing, progress and workflows
- Review of Payer contracts for Bridgeway unit
- Exploration and testing of updating electronic fiscal record in SNF/Admissions Electronic Health Records system for efficiencies

Insurance claims created and submitted for current reporting

 \circ $\:$ Norwood: 242 claims in the amount of \$1,108,451 $\:$

- Edgewater: 64 claims submitted in the amount of \$423,500
- o Community: 4427 claims in the amount of \$416,668
 - Accounts receivable receipts: \$322,455

Service Admission Intakes - by Location

- NHC Admissions: 23, SNF 1
- o Bridgeway: 8
- Edgewater: 20
- Community: 72 intakes,
 - 1332 appointments scheduled, 832 attended (62.4%)

TRIP Monies received YTD:

- Norwood: \$0
- Community: \$2,456

Accounting and A/P Team:

- One Vacant Position NHC Accountant, interviewed applicants
- Confirmed 2023 payroll changes with Finance
- Team helped cross train new hire for state reporting
- Team helped with necessary duties /cross training
- Medicaid Rate Review with WIPFLI
- Met with new Community Resource Manager for Budget and fiscal processes
- Met with BH Division Admin re: productivity reports from new EHR
- PFR funding discussion with Marissa, Kyle, Brandon on using remaining funds for 2023 (thru 6/30)
- Worked with NHC team and Community team on tracking C/Adjustments from cash receipts
 Developed an updated tracker for both locations that are similar
- o Worked with Contract Coordinator and various vendors
- Team discussion regarding 1099 information efficiently when posting vouchers, created change with SACWICs integration to accomplish goal
- o Team member conducted TSSF refresher meeting with staff to answer questions
- Attended WACH re: SP Awards for County Nursing Homes and impact to budget planning.

Support Services Team:

- No vacant positions
- \circ FMLA 1 staff returned to work on 1/20/23
- \circ 1 staff on intermittent FMLA
- Behavioral Health Clinic service note: As of 2/9/23 entered within 10 days from dictation: Clinicians are doing a hybrid mix of entering their own notes and some dictation. All Intakes and Evaluations continue to be dictated. There are five Admin Services staff that transcribe on a daily basis, each are *Reviewers* for assigned clinicians. Dictation continues to be completed on the average within 10 days of Date of Service (there are exceptions due to staff absences/time off/ high # of FS case transfers using dictation/ court case voicemails).
- Monitor Administration Budget on track with end of year projections
- HIPAA:
 - \circ 0 Confidentially breach in January
- Attend monthly Admin Services Managers' meeting
- Attend SmartCare meetings, and provide ongoing support and training to BH and Admin Services
- Work with Unit Support staff, BH Administrator and Patient Accounts Manager on Weekly signing of OPC service notes
- Work on destruction of RB- FS records : On target to have RB 231 reorganized by mid-March

Edgewater Haven Update by Kyle Theiler

In the month of January we had 20 admissions. Current Memory Care census stayed consistent with an average daily census around 18.

Census comparison to last year: January 2022 – 44.1 average census with 4.35 rehab January 2023 – 46.16 average census with 8.97 rehab

Admissions/Discharges Comparison: January 2022 – Admissions 6/Discharges 2/Readmissions 3/Deaths 3 January 2023– Admissions 20/Discharges 9/Readmission 1/Deaths 6

Personnel Updates: Open position as of writing this: Nursing –1 PT .5 LPN; 1 PT .9 CNA. Dietary – Certified Dietary Manager, 1 FT Dietary Aide.

The dietary manager that was recruited took a promotion at their current company. Therefore, we are still searching for someone to fill this role. I have renewed my Indeed resume search subscription in an effort to recruit for this position. We are also recruiting for a full time dietary aide. I have had some applicants for this position and hope to fill it in the near future.

January was a solid month for nursing recruitment. As of writing this, we are down to one part time LPN position. Last year, we had almost six full time nurse positions between registered and licensed practical nurses. We will continue to recruit for the last position that needs to be filled. We also continue to recruit for casual nurses.

CNA recruitment has slowed down. I will utilize the Indeed resume search subscription to try and recruit for this last opening. I am looking forward to the CNA course that we will be rolling out this summer.

<u>COVID-19 Updates</u>: We continue to see a few staff member cases each month. This month there were two staff members that tested positive for COVID-19. Thankfully, there were no staff or residents that contracted the virus from these staff members. We are hopeful that we are coming near the end of flu season.

There were no major updates related to COVID-19 regulations in the nursing home setting during January.

<u>Capital Improvement Projects</u>: Work continues on the capital improvement projects for 2023.

Our health information coordinator ordered both lifts that were approved via the health and human service committee last month. We are hoping that those arrive in the near future.

Both the lower breakroom and 400/500 wing public bathroom projects are tentatively scheduled to begin in late March. We expect both projects to take about a month to complete. Both of these areas were tested for asbestos. The breakroom was positive for asbestos so abatement will be part of this project.

I appreciate our lead maintenance person, Ron Landwehr, for his effort on getting 2023 CIP off to a great start.

<u>Networking Events</u>: On January 12th, I attended one of Governor's listening sessions in Wausau. The event was well attended and I was able to advocate for an increase in funding for nursing home settings. The break out room I attended had several senior living advocates including people from ADRC, assisted

livings, and other nursing homes. It was exciting to see many individuals give up their time to advocate for the populations they care for.

Fire: On January 18th, the fire alarms activated around 10:45pm. Staff responded to the location of the kitchen which was displayed on the fire monitoring system. When staff arrived, there was the presence of smoke and a strong electrical smell. Multiple fire department agencies responded as well as Edgewater's maintenance lead, and myself. Once on-site, the fire department determined there was no hotspots or active flames. It was determined that a bearing on the kitchen hood exhaust fan failed. When this failed smoke entered the kitchen causing the fire alarm to activate. No one was injured or evacuated during this event. The incident was reported to the state of Wisconsin DHS. I was very impressed with our nursing team as they responded quickly and appropriately to the event.

Employment & Training Update by Lacey Piekarski

<u>Independent Living</u>: The 9-county NorthCentral Independent Living (IL) Program concluded 2022 serving 103 youth (defined as receiving one service through case management). Of those 103 youth served, 19 were new to the IL Program and 84 continued services from early in 2022. In 2022, eligibility to serve young adults expanded to include youth ages 17.5 until their 22nd birthday. This increase in eligibility allowed for 43 youth to continue working with the IL Program between their 21st and 23rd birthdays through 2022.

The Independent Living Program Youth Advisory Council (YAC) meets locally monthly for youth ages 14–26 with experience in the child welfare system and out-of-home-care. From the local YAC., we attend the State Youth Advisory Council meetings. In 2022, a local YAC member was voted and accepted the State YAC Historian role. We are excited to support this leadership opportunity at the state-level for them.

<u>FSET</u>: The NorthCentral FSET Program concluded calendar year 2022 with 819 enrolled customers, a slight decrease from 12/31/21 (853 enrolled customers at that point-in-time). The Wood County FSET team continues to provide coverage due to staff transitions for Adams County and Wood County – Wisconsin Rapids caseloads. Through 12/31/22, Portage, Adams, and Wood County FSET caseloads averaged 62% of the regional caseload total (508 of 819 regional customers).

Community partner collaboration continues, specifically to connect customers to financial resources as the unwinding of pandemic benefit relief continues. The FSET Program website has been a valuable resource for both customers and staff to update and access information – www.myfset.net > Community Resources for all nine counties served.

<u>Brighter Futures Initiative – LEO (Learn Empower Oneself) Program</u>: In 2022, the LEO Program served over 1,000 students through ongoing partnerships with Lincoln, Nekoosa, River Cities, Pittsville, and Columbus Catholic High Schools, in addition to a new partnership with Wisconsin Rapids Area Middle School (WRAMS). Through this new partnership, The LEO Program facilitated middle school-centric LEO curriculum to all eighth grade WRAMS students through their health class. After completing The LEO Program, 92% of youth reported that the curriculum was somewhat or very valuable in helping them make healthy choices, including not using drugs, substances, or vapor products; they also demonstrated increased resiliency by 26%. In addition to this curriculum, a LEO Coordinator also provided new opportunities for intensive mentorship for youth attending school in possession of or under the influence of a substance, as an alternative to a detention, sanction, or ticket. Referrals were received from the WRAMs administration and School Resource Officer.

Following participation in The High School LEO Program curriculum, 45% of youth reported an improvement in making it through stressful events, a 31% improvement in resiliency and a 23% decrease in daily social media use, each of which are key factors in preventing substance use and

cultivating healthy habits. Additionally, at least six months after program completion, youth reported 10% lower rates of vaping or Juuling and 12% lower rates of alcohol use in the last 30 days than their Wood County peers.

The LEO Program also continued to adapt, strengthen, and grow their partnership with the Adolescent Diversion Program (ADP) to provide an adapted version of curriculum to youth intersecting with youth justice programming. Youth who participated in the program reported the ability to consistently identify LEO tools, which help them make healthy choices and communicate in a logical and rational manner.

Norwood Health Center Update by Marissa Kornack

We have finalized our plans for the lobby security project and plan to bring forward a proposal to the committee at the February meeting to discuss possible funding options.

It was announced the public health emergency related to COVID-19 will end on May 11. Industry groups have reminded providers that the announcement was directed to the general public and not health care settings who will continue with infection prevention protocol and immunization requirements according to the CDC and CMS. The largest question that remains in my mind is if there will continue to be federal or state funding to support testing requirements past the end of the PHE.

Kyle, Brandon, and I will be traveling to Madison on March 14 to participate in Leading Age Wisconsin's Advocacy Day at the Capitol. We will have scheduled visits with our state legislators to continue to advocate for nursing home Medicaid rates that cover the cost of care.

Norwood Nursing Department by Liz Masanz

We currently have two agency nurse aides to cover the two vacant FTEs we have. Unfortunately, we continue to see multiple staff members testing positive for COVID-19, influenza, RSV, or a combination. Staff continue to screen at the kiosk and wear masks at all times around staff and residents.

<u>Admissions Unit</u>: Dr. Reimers continues as our acting treatment director via telehealth through contract, with locum psychiatrist coverage on the weekend. We had 22 admissions and 21 discharges in January, with an average daily census of 10. We are looking forward to the new providers starting in March to cover psychiatric needs in the facility.

Our bi-annual DHS 75 and 61 survey will occur on February 7. This will be our first time being surveyed under the re-written DHS 75 regulations, which were effective in October 2022.

Long Term Care Unit: The long term care unit had two admissions and one discharge in January. Amanda, the head nurse, enrolled in a wound care certification course which is online and self-paced. Once the course is completed, she will take the state licensing exam. Both units continue to be very full. Megan, our social work assistant, went full time at the beginning of the year from a 60% position. It was a much needed increase in hours in order to adequately provide services to the residents, such as coordinating placements and addressing high acuity behavioral care issues.

Norwood Dietary Department by Larry Burt

Congregate meals for the month of January were 5,188 with revenue of \$37,591.23. As of January 1, we are operating under the renewed 2023-2025 contract with the ADRC.

Staffing levels continued to hold steady this month. As of writing this, we only have one 50% dietary aide position open.

Norwood Maintenance Department by Lee Ackerman

<u>*Capital Improvement Projects*</u>: We have hit the ground running in regards to our 2023 CIP. So far we have secured quotes for a replacement lawn mower and accepted the bid from Power Pac of Marshfield. Not only did they offer the lowest price, but also gave the most for trade-in on our old model. Lead time may be into April so I was glad to get this order in. Power Pac offered to let us use our current trade-in mower until the new one arrives.

Quotes for replacing the East Entrance doors and Level 4 Pathways Renovation, Phase 5 (which is also replacement of doors), are being gathered. We continue to see elevated pricing for these materials. I should be able to report on all the bids in next month's update.

We are waiting on quotes for the HVAC Renovation, Phase 6 (our last one), the Kitchen Compressor replacement (also the last one), and the Air Handler Rebuild projects.

<u>Utilities</u>: The last Natural Gas bill (December) was not as high as expected compared to the jump we saw in November. As for January, we have had some very cold stretches, which is to be expected.

CVSO Report to the Wood County Health and Human Services Committee

Meeting Date: February 23, 2023

January 2023 Activity: During the month of January we completed/submitted 384 federal forms to include:

- 29 intent to file a claim (this marks the effective date while we assist the veteran in gathering all the required supporting documentation)
- 15 Appeals Higher level review, Notice of Disagreement (appeal)
- 13 new claims for disability compensation
- 0 new claims for veterans pension
- 3 new claims for surviving spouse benefits (DIC or surviving spouse pension)
- 11 new applications for VA Healthcare
- 29 appointments of Claimants Representative (POA for American Legion, VFW, DAV etc.)
- 11 burial and marker applications

Activities:

- 1. Completed as of February 15, 2023:
 - a. January 19 CVSO Assocation Leadership meeting with Federal VA Milwaukee Regional Office Director (Virtual).
 - b. January 19 Wisconsin Department of Veterans Affairs monthly training (virtual).
 - c. January 24 National Veterans Leagal Services Webinar on VA Benefits for Mental Health Disorders.
 - d. January 25 Wisconsin Counties Association Capital Ambassador Program.
 - e. January 31 CVSO Association leadership meeting with Brian Jones new Wisconsin Department of Veterans Affairs Division of Veterans Benefits Administrator.
 - f. February 7 Wood County CCS/CVSO meeting.
 - g. February 7 Meeting with Congressman Van Orden constituant POC on Veterans.
 - h. February 8 Southern Wood County Homeless coalition meeting.
 - i. February 13 Veteran Service Commission meeting.
 - j. February 14 Tomah VA Medical Center CVSO and Congressional Liaison meeting (virtual).
 - k. February 15 Governors 2023-2025 Biennial Budget Address (inviteded attendee)
- 2. Near Future:
 - a. February 16 Wisconsin Department of Veteran's Affairs monthly video traning.
 - b. February 17 CVSO Association of WI Executive Committee meeting (virtual)
 - c. February 17 Wisconsin Department of Veterans Affairs monthly training (virtual).
 - d. February 21- Milwaukee Federal VA Regional Office VSO Call in.
 - e. February 22 Wood County Department Head meeting.
 - February 23 National Veterans Legal Services webinar on VA Benefits based on National Guard or Reserve Service.

Office updates:

1. Governor Ever's Blue Ribbon Commission on Veteran's Opportunity. The Supplemental grant application and MOU for the \$19,178 has been submitted. This is in addition to the \$14,300 Grant authorized in the state budget and the Department budget for 2023.

- 2. Governor's Bieneum Budget. Prior to the budget address a press release announced additional proposals to veteran issues/programs. Below are some of the highligts (full press release is attached):
 - a. \$500,000 to evaluate post-9/11 veteran needs arising from the increase in multiple deployments, higher survival rates, and longer-term use of skilled nursing.
 - b. Extend the Wisconsin Disabled Veterans and Surviving Spouses Property tax Credit to 70% or greater disabled Veterans (currently must be 100% disabled).
 - c. Expand the credit to those who rent (similar to Homestead Credit but VA Disability based not income).
 - d. \$6.7 million to help WDVA recruit and retain nursing positions.
 - e. \$2.8 million over biennium to UW system to provide services tailored to veterans, military personnel and their families.
 - f. \$450,000 annually to assist employers that hire veterans transitioning to civilian life.
 - g. **Doubling the amount of funding for the CVSO/TVSO Grants** (Wood County would be eligible for \$28,600 in addition to the supplemental grant in item 1 above. Currently gant is \$14,300).
- 3. More changes at the Wisconsin Department of Veterans. Secretary Designee Bond has appointed as Deputy Secretary (his former position) Christopher McElgunn formerly from Department of Administration and also Workforce Devlopment. Replacing retiring career executive Kathy Still as Assistant Deputy Secretary is Joseph Hoey former Chief of Staff to last session's Senate Minority Leader Janet Bewley. The new Administrator of the Division of Veterans Benefits is Brian Jones who worked for the department in a lesser capacity during the period of 2011-2018. The CVSO Association leadership is engaging the new team.
- 4. New program available for Veterans Rental Assistance Program (VRAP). This new program is a spin off of the Heat for Heroes energy assistance program which meshes with the Wisconsin Home Energy Assistance Program. This new program will use some government dollars and some private fundraising/donations specifics are just coming to light. We do have one veteran that we are having apply. See attached flyer.
- 5. Volume 6 issue 1 of Windicators-Contributions of Veterans to the Wisconsin Economy published. The University of Wisconsin Division of Extention has put together a report on the impact of the Federal VA spending and benefits impact on the Wisconsin economy. Report is attached and found online at https://economicdevelopment.extension.wisc.edu/articles/windicators-volume-6-number-1contributions-of-veterans-to-the-wisconsin-economy/

Press Release: Gov. Evers Announces Budget Initiatives to Support Wisconsin's Veterans

State of Wisconsin sent this bulletin at 02/09/2023 07:45 AM CST

FOR IMMEDIATE RELEASE: February 9, 2023

Contact: GovPress@wisconsin.gov

Gov. Evers Announces Budget Initiatives to Support Wisconsin's Veterans

Governor's plan bolsters Veterans Affairs workforce, supports veteran employment, education, and housing security, expands access to veterans mental health services

MADISON — Gov. Tony Evers today announced his 2023-25 budget will include several innovative proposals to serve Wisconsin's veterans, building upon previous investments funded by federal pandemic relief aid based on recommendations from the governor's <u>Blue Ribbon Commission on Veteran Opportunity</u> created in 2022. The governor's initiatives announced today include funding to bolster the workforce at the Wisconsin Department of Veterans Affairs (DVA), support veteran employment, education, and housing security, and expand access to mental health services for veterans.

"From creating our Blue Ribbon Commission on Veteran Opportunity to investing in employment opportunities, housing assistance, and increased mental health services for our veteran community, we've made important progress these last few years to ensure Wisconsin veterans have access to the support and resources they've earned and deserve," said Gov. Evers. "Now, we're continuing that good work in the upcoming biennial budget by proposing continued investment in various innovative initiatives to ensure the state is equipped to meet the needs of our veteran community and help them build strong, lasting success."

Gov. Evers and the Evers Administration are committed to ensuring Wisconsin veterans have the tools and resources they need to thrive in their civilian lives. In his <u>2022 State of the State address</u>, Gov. Evers <u>announced</u> that he would be signing an executive order creating a <u>Blue Ribbon Commission on Veteran</u> <u>Opportunity</u> to develop new, innovative initiatives to support the more than 300,000 veterans who live in Wisconsin. Shortly thereafter, Gov. Evers <u>signed Executive Order #157</u> to create the Commission and charged the Commission with identifying gaps in existing services, areas in need of robust investment, and reducing barriers to economic security, including efforts to expand access to higher education and job training, address housing insecurity, and increase mental and behavioral health support and substance use disorder treatment.

Gov. Evers' Blue Ribbon Commission gathered input from stakeholders, conducted listening sessions, consulted experts, and built sound and innovative recommendations to build a better Wisconsin for veterans. Following the <u>release</u> of the Commission's final report in September 2022 and based on the

Commission's recommendations, Gov. Evers <u>announced</u> a \$10 million investment, funded through the American Rescue Plan Act, in veteran services across the state. This investment included:

- \$4.5 million to support veteran mental health initiatives, including supporting community-based programs, increasing access to emergency services, and investing in peer support programs.
- \$2 million to create a rental assistance program for homeless veterans. This was also a recommendation from the Interagency Council on Homelessness' "<u>Welcoming Wisconsin Home</u>" report.
- An additional \$1.5 million for the Veterans Outreach and Recovery Program (VORP), which provides case management and support to veterans and connects veterans to community services, including substance use treatment, housing, education, and mental healthcare. This investment is intended to fund seven additional positions to serve veterans across the state.
- An additional \$1.5 million for county veteran services offices (CVSOs) and Tribal veterans service offices (TVSOs), which help veterans connect to benefits, preventative programming, and family engagement activities. The funding will increase allocations to CVSOs and TVSOs by 100 percent, ensure TVSO payments are not being prorated, and increase payments to part-time CVSOs.
- An additional \$500,000 for the Wisconsin Department of Workforce Developments' Hire Heroes Program, which provides services to veterans with high barriers to employment and reimburses employers for certain costs when hiring veteran employees.

Gov. Evers' budget builds on the investments recommended by the Blue Ribbon Commission on Veteran Opportunity, providing ongoing state support for these critical initiatives. A list of the governor's proposed investments to support Wisconsin veterans is available below.

Addressing Veteran Needs

To ensure the current and future needs of Wisconsin veterans are evaluated and that DVA can be responsive to changing demands, the governor is proposing the following through his 2023-25 budget:

- Providing \$500,000 general purpose revenue (GPR) to DVA to evaluate post-9/11 veteran needs arising from the increase in multiple deployments, higher survival rates, and longer-term use of skilled nursing.
- Requiring DVA to explore expansion opportunities at all existing sites of the Veterans Housing and Recovery Program.
- Providing funding to DVA to create a master plan for the campus of the State Veterans Home at King to assess the current status of the campus and how the campus can serve veterans.
- Providing funding to the state veterans homes to address their ongoing needs so that each home has adequate resources to provide the best possible care to the most vulnerable veterans in Wisconsin.
- Supporting the continuation of pilot add-ons to address critical recruitment and retention needs at DVA by providing \$6.7 million in non-GPR funding to the Department of Veterans Affairs to support add-ons for several nursing classifications.

Gov. Evers remains committed to meeting Wisconsin veterans where they are and making sure they're aware of the services they're entitled to, whether it's mental health access, preventative programming, family engagement, or education benefits through:

- Doubling the amount of funding to County and Tribal Veterans Services Offices (CVSOs and TVSOs) by providing \$843,600 annually for CVSOs and \$253,000 annually for TVSOs. CVSOs and TVSOs play a vital role in connecting veterans to needed services.
- Providing \$2.8 million (\$1.2 million in fiscal year 24 and \$1.6 million in fiscal year 25) to enable University of Wisconsin System campuses to provide services tailored to veterans, military personnel, and their families, including achieving the recommended School Certifying Officer (SCO) staffing level of one SCO for every 200 GI Bill-eligible students or otherwise improving or expanding services and supports for veteran and military personnel students.
- Providing \$450,000 GPR in each year as state support for the peer-run respite center for veterans to
 ensure the center has a reliable, ongoing funding source.

• Providing 7.0 FTE SEG positions and \$957,200 SEG over the biennium to expand the Veterans Outreach and Recovery Program, which provides outreach mental health services and support to veterans who may have a mental health condition or substance use disorder. The goal of the program is to reduce the suicide rate among veterans and to provide veterans access to mental health supports, housing, and other services.

Gov. Evers is also investing in further securing the ability of Wisconsin veterans to have access to the services and devices they need post-service by:

- Providing \$250,000 for a grant program to aid Wisconsin dog trainers in attaining Assistance Dog International accreditation, specifically for providing post-traumatic stress disorder training to better serve veterans.
- Expanding access to the Assistance for Needy Veterans Grant program by including medical devices as an allowable expense under the program and increasing the annual and lifetime caps for support under this program.

Veteran Housing and Employment

In his budget proposal, Gov. Evers is encouraging housing and employment stability for veterans and their families through tax credits by:

- Increasing eligibility for the Veterans and Surviving Spouses Property Tax Credit by extending eligibility to those with a disability rating of at least 70 percent. This would provide an additional \$43.2 million in tax relief to claimants over the biennium.
- Further expanding eligibility for the Veterans and Surviving Spouses Property Tax Credit by offering the credit to persons who otherwise qualify but rent instead of own their home. This proposal would provide approximately \$10 million in tax relief over the biennium.
- Broadening the current disabled veteran-owned business certification within the Wisconsin Supplier Diversity Program to be a veteran-owned business certification and eliminating the fees associated with participating in the program.
- Providing \$450,000 GPR annually to assist employers that hire veterans who are transitioning to civilian life. The funding will help employers provide training and wrap-around services to veterans.
- Creating a veteran rental assistance program funded at \$1 million GPR in each fiscal year.

Honoring Veterans Past and Present

To honor the final resting places of Wisconsin veterans, Gov. Evers is proposing:

- Funding one new position at each of the Wisconsin Veterans Memorial Cemeteries to maintain adequate services to those who qualify for internment.
- Investing \$425,000 in FY24 and \$355,000 in FY25 into new equipment to serve the needs of the Wisconsin Veterans Memorial Cemeteries.
- Providing \$500,000 GPR in each year of the biennium for the University of Wisconsin Missing-in-Action Recovery and Identification Project for missions to recover and identify Wisconsin veterans who went missing during deployment.
- Establishing Veterans Day as a state holiday to commemorate their service. Wisconsin is the only state that does not observe Veterans Day as a state holiday.

An online version of this release is available here.

Welcome to the Veterans Rental Assistance Program (VRAP)

were made available as an initiative by Governor Tony Evers. His administration is committed to ensuring the re able to stay safely in their homes and avoid homelessness. Applications will be accepted until September 3 or until funds are exhausted.

The Veterans Rental Assistance Program (VRAP) provides rental assistance for veterans who are struggling because of their limited or fixed incomes that have not kept pace with record increases in energy and housing costs. The VRAP also places a high priority on providing the much-needed assistance necessary to result in long-term housing/economic stability for those who are being served.

A. In order to qualify for a VRAP benefit you must meet the requirements listed below and provide the necessary documentation for both the Wisconsin Home Energy Assistance Program (WHEAP) and VRAP.

- 1. Complete a simple WHEAP application for energy assistance. This can be done using one of the following methods:
 - a. Contact us online by visiting heat.help
 - b. By telephone calling 833-WIS-VRAP (833-947-8727)
 - c. By appointment at one of our healthy, COVID-sensitive service centers by calling 833-WIS-VRAP (833-947-8727) or visiting esiwi.com/book-an-appointment

2. For VRAP, you must have a gross income at or below 80% of your county's medium income. See <u>LOCAL COUNTY</u> INCOME GUIDELINES BY CLICKING HERE.

3. Complete VRAP pre-application for rental assistance online or by telephone.

4. Provide proof of all household income for the prior month. For example, if you're applying in December, you will need to provide proof of gross income for November. Proof of income could be in the form of check stubs, social security award letters, unemployment printouts, etc. Our VRAP staff team are available for more information or to assist you in obtaining documentation.

5. If requested by VRAP staff team, provide a copy of your lease and/or proof of rental payments.

B. Participation for VRAP benefits will only result in a rental assistance payment paid directly to your landlord if and when all requirements have been met and documentation has been provided.

C. After completion of your VRAP pre-application at vrapwi.com, you will receive an email with detailed instructions and the necessary VRAP income attestation form that certifies your gross income period. <u>Upon accessing the vrapwi.com website an access code will be provided within the email.</u> You will then be able to upload the required documentation to complete your application.

D. When completing the WHEAP application recipients may also be eligible for utility/energy payment assistance through the Wisconsin Home Energy Assistance Program, Keep Wisconsin Warm/Cool Fund, Low Income Household Weatherization

Assistance Program that may also include assistance with your furnace, or other available charitable resources based on 2022-2023 New Energy Assistance Income Guidelines (see chart below).

GROSS INCOM	Y ASSISTANCE ME GUIDELINES OUS ONE MONTH
NUMBER IN HOUSEHOLD	GROSS INCOME
1	\$2,675.25
2	\$3,498.42
3	\$4,321.58
4	\$5,144.83

WINDICATORS CONTRIBUTIONS OF VETERANS TO THE WISCONSIN ECONOMY

VOLUME 6, ISSUE 1 By Steven Deller

KEY POINTS

- Although the number of veterans in Wisconsin follows the national trend of decline, the injection of veteran-related expenditures have been increasing.
- This injection, largely in the form of spending by the Department of Veterans Administration (VA), is a source of federal tax dollars being returned to Wisconsin.
- In 2021, there was over \$3.5 billion dollars of Department of Veterans Administration (VA) related spending in Wisconsin. This reflects a 297.5 percent increase over 2002 expenditure levels, in normal terms, and a 163.9 percent increase in real (inflation adjusted) terms.
- Once the multiplier effect is considered, this level of spending associated with the VA supports almost 36,600 jobs across Wisconsin and \$5.6 billion in industrial activity. This places the veterans' impact on par if not slightly larger than the beef farming industry in Wisconsin.

Author Note: This Windicator has benefited from the helpful comments of Joe Aulik (Brown County Veteran Service Officer) and Rock Larson (Wood County Veteran Service Officer). All errors are the responsibility of the author.

INTRODUCTION

One long-held strategy to foster economic growth and development is to recapture tax dollars that flow to higher units of government. Paying taxes to higher units of government, such as the state and/or federal government, is a leakage from the local economy. In a sense, these leakages are akin to a local business buying inputs from vendors outside of the community or local residents shopping outside of the community. While many communities strike to close these leakages by encouraging firms and shoppers to buy locally, such an approach does not apply to state and federal taxes. Rather, communities often strive to have those dollars returned to the community through local state and federal government spending.

Using data for 2019 (the COVID years are unusual given the federal stimulus spending), the states that tended to see the largest return flow of federal tax dollars tend to be lower-income states such as Kentucky, Mississippi, New Mexico, West Virginia, and Alabama where the "return on the dollar" are \$2.89, \$2,40, \$2.33, \$2.33, and \$2.14 respectively.¹ This is largely due to the poverty support programs (e.g., SNAP, Medicaid) as well as Social Security and Medicare, among other programs. States that have low "returns" tend to be higher-income states such as Connecticut, Massachusetts, New Jersey and New York with "return on the dollar" of \$0.83, \$0.85, \$0.85 and \$0.92 respectively. In 2019, the "return on the dollar" for Wisconsin was \$1.15 which is higher than Minnesota (\$0.96), and Illinois (\$1.01) but lower than lowa (\$1.24) or Michigan (\$1.34). While these "return on the dollar" fluctuate from year-to-year the general patterns outlined here tend to hold over the long-term.

One source of federal dollars that flows back to the states and local communities that tends to draw less attention is linked to veterans and the U.S. Department of Veteran Affairs. For example, in 2002 VA related expenditure in Wisconsin amounted to \$890.2 million and increased to \$3.5 billion in 2021— an increase of 297.5 percent. Even if we take out the effects of inflation, the amount of VA spending in Wisconsin was \$2.35 billion (adjusted to 2002 dollars) in 2021, an increase in real expenditures of 163.9 percent. This increase in VA-related spending is despite a 30.7 percent decline in the number of veterans in Wisconsin over the 2002 to 2021 period: 494,962 to 342,823. In this issue of the *WIndicator* we seek to better understand the trends in the veteran population and the Department of Veteran Affairs expenditures.

¹ These data are drawn from the Rockefeller Institute of Governments, Albany NY. https://rockinst.org/

THE VETERAN POPULATION

As America continues to age, the veteran population is declining. Those that served in WWII are now in their late 90s, while those that served in the Korean War are now in their 80s, and Vietnam veterans are now in retirement. Today the U.S. military averages around 1.4 million active service members, which has been relatively stable since 2000, but below historical averages. As the number of veterans from WWII through the Vietnam era decline, there are fewer active service members to replace them. In Wisconsin, in 2002 there were 494,962 veterans, which declined to 342,823 in 2021 (Figure 1). In 2002, veterans accounted for about 9.1 percent of the state population, but only 5.8 percent in 2021. This largely follows national trends (Figure 2). The slight upticks in the early 2010s is a reflection of the second Gulf and Afghanistan conflicts.

29

FIGURE 1: WISCONSIN VETERAN POPULATION

In a simple mapping of the concentration of where veterans are located across the U.S. (Map 1a), one can see clusters in Florida, the coastal area of the Northeast, and the Pacific coast, particularly in southern California and Arizona. One can also easily see major metropolitan areas such as Chicago, Denver, Dallas and Houston, among others. The concentration in Florida, southern California and Arizona is likely a reflection of these areas as popular retirement destination regions. One can also see evidence of the strong presence of military installations where many veterans elect to reside to take advantage of "on-base" services. Based on the simple spatial location of veteran counts, there appear to be large swaths of the U.S. where the concentration of veterans is modest, including much of Wisconsin.

Perhaps a more insightful way to think about the distribution of veterans across the U.S. is to look at their concentrations relative to the population size of the county in which they reside. In Map 1b we report the share or percentage of the county population that are veterans. Here, a very different picture is portrayed. The heavy concentration in southern California, for example, appears much more modest, while San Diego, a popular retirement destination center in its own right, and home to a major navy base, stands out. Indeed, much of Idaho and western Montana, the Ozarks region of southern Missouri, the northern parts of the Upper Midwest and Maine, among other places, appear to be more heavily dependent on the veteran population than evident by the simple counts (Map 1a). For Wisconsin, many counties now appear to have a relatively large veteran population.

MAP 1A: VETERAN POPULATION 2021

MAP 1B: VETERAN POPULATION AS A SHARE OF TOTAL POPULATION

To explore the patterns in the density of veteran populations, we use a spatial clustering technique that explicitly maps and tests the spatial patterns, specifically cluster and outliner analysis utilizing the Anselin Local Moran's I. This spatial analysis technique allows us to identify groupings of counties where the density of veteran populations is low (i.e., below the national average), high (i.e., above the national average), or mixed, as well as geographic regions where the pattern is not statistically significant. The results of this analysis are provided in Map 1c.

First, there are large swaths of the U.S. where the spatial patterns are not statistically significant, such as much of Illinois outside the Chicago metropolitan area, Oklahoma and neighboring states, North and South Dakota and northern New York, Vermont and New Hampshire, among others. There are several regions identified as "high-high" such as northern Wisconsin through northern Michigan, western Montana and Idaho, the Ozarks region of Missouri and west into Kansas, and the Atlantic seaboard region of the Southeastern states, among others. There are several regions identified as "low-low" where the concentration of veterans tends to be below the national average such as the Chicago metropolitan region and east to Detroit, much of the lower Mississippi River valley region, along with the California coast and the Atlantic coastal are of the Northeast.

MAP 1C: SPATIAL CLUSTERING OF VETERAN POPULATION AS A SHARE OF TOTAL POPULATION IN 2021

There are two additional possible outcomes. One, there is a county with a high concentration of veterans, again as measured by the share of the total population that are veterans, surrounded by counties with a low concentration (high-low). Two is the opposite, where a county with a low concentration is surrounded by counties with a high concentration (low-high). For example, while the coastal area of California tends to be low concentrations (low-low), San Diego with its high concentration of retired veterans and the large navy base clearly stands out. Another example is Cochise County in southern Arizona (east of Tucson) which has a high concentration but is surrounded by counties with a low concentration. There is also a "transition" region between the coastal regions of the Southeastern states (high-high) to the more interior counties where the spatial clustering is statistically insignificant.

Wisconsin has three types of spatial clustering of veteran population density: low-low which covers southeastern Wisconsin and reflects of the relatively high overall populations, a large swath from Door County in the east to the southwestern corner of Grant County up to Burnett County in the northwest where the pattern is not statistically significant, and the very northern part of Wisconsin where there is a higher-than-expected concentration (high-high). There is a unique pattern in the very western part of Wisconsin where the influence of the Twin Cities spills over into Wisconsin. The counties of St. Croix, Pierce and Pepin cluster with the Twin Cities as low-low, but Buffalo County (along with Wabasha County, MN) stands out as a county with a high concentration of veterans given the overall population of the county.

If a high concentration of veterans represents an opportunity to inject tax dollars back into the economy, then the observed spatial pattern (Map 1a-1c) suggests that this is not just a rural or urban opportunity. Rather it cuts across large sections of the U.S. and particular parts of Wisconsin. The spatial clustering, particularly in northern Wisconsin, suggests a multi-partner regional approach where neighboring communities work together to ensure that all veterans are taking full advantage of the benefits to which they are entitled. These regional partnerships are not only working across county boundaries but across both public agencies and nonprofits that include services to veterans as part of their mission as well. For example, working with nonprofits within the community to raise awareness of programs offered to veterans. Alternatively, encourage local governments to utilize the Public Assistance Reporting Information System (PARIS) that matches social security numbers against Veteran Administration and Department of Defense databases to identify individuals who may be eligible for additional VA monetary benefits. Working in partnership within and across multiple communities (e.g., a regional approach via partnerships) can improve the potential well-being of the veterans themselves and their families as well as the larger community.

VA RELATED EXPENDITURE PATTERNS

From an economic growth and development perspective, the number of veterans within the community in isolation has limited impact, but not when put in conversation with the spending associated with those veterans. For returning federal tax dollars, it is specifically the spending by the Department of Veteran's Administration (VA) within the community. In 2021, this amounted to \$3.54 billion, or \$10,323 per veteran, of VA spending in Wisconsin. Tracking this over time, and taking the effects of inflation out (i.e., adjusting spending levels to reflect 2002 dollars), we can see that real spending increased by 163.9 percent over 2002 levels. Over time, VA spending per veteran increased from \$1,798 in 2002 to \$10,323, a nominal (i.e., not adjusted for inflation) increase of 473.9 percent. In real terms (i.e., adjusted for inflation), per-veteran spending in Wisconsin increased from \$1,798 to \$6,852 (Figure 3).

FIGURE 3: VA EXPENDITURES PER VETERAN IN 2002 DOLLARS

While average VA spending per veteran in Wisconsin is below the national average as well as the Minnesota average, it is higher than average spending in Illinois, Iowa and Michigan. These differences are largely driven by variations in veteran eligibility requirements as well as the veterans themselves making full use of the benefits offered. This later point presents a specific economic growth and development strategy: ensure that all veterans are fully aware of and making use of their benefits.

FIGURE 5: VA EXPENDITURES PER VETERAN IN 2002 DOLLARS

The spatial distribution of this expenditure across Wisconsin is largely consistent with the prior discussion about national spatial patterns. A simple mapping of where veterans reside in 2021 (Map 2) reveals that they tend to cluster in more urban or populous counties. A mapping of aggregate VA expenditures mimics the distribution of the veterans themselves: more VA money tends to be spent in more populous counties. But when we examine VA expenditures per veteran, we get a different spatial picture. For compensation and pension expenditures per veteran (Map 3a) the parts of Wisconsin with the highest concentration of the absolute number of veterans (southeastern Wisconsin) tend to have the lowest per veteran expenditures.

Based on this simple spatial analysis, it appears that while veterans tend to be located in the more urban parts of Wisconsin, the spending associated with the VA tends to be more important in more rural parts of Wisconsin. This suggests that strategies aimed at maximizing the injection of federally supported veteran benefits into local economies may be a viable option for these more rural Wisconsin communities.

The VA has numerous areas in which they spend money in Wisconsin, but the three major categories are as follows: (1) compensation (disability payments to veterans and their eligible survivors) and pension (non-serve connected pension or widows' pension); (2) education and vocational rehabilitation/employment; and (3) medical care. There are other miscellaneous categories such as construction associated with VA facilities, insurance and indemnities, and general operational expenditures such as the wages and salaries of VA employees. It is important to note that retired career veterans that are drawing a pension are administered through the Department of Defense and are not included in the VA expenditures studied in this WIndicator. Tracking the distribution of these expenditures over time for Wisconsin reveals that compensation and pensions and medical care dominate expenditures accounting for 42.8 and 51.8 percent, respectively, in 2021 (Figure 4).

FIGURE 4: VA EXPENDITURES PER VETERAN IN 2002 DOLLARS

Looking at the changes in expenditures per veteran, after adjusting for inflation, it is clear that the growth in VA spending is in compensation and pensions along with medical care (Figure 5).

ECONOMIC CONTRIBUTIONS

We have documented that VA related expenditures bring almost \$3.5 billion back to the Wisconsin economy. This descriptive analysis, however, does not inform the discussion as to the economic contributions of these expenditures. To shed light on the contribution of this VA sourced spending we used the regional economic modeling system called IMPLAN to assess the multiplier effects. In essence, the IMPLAN modeling system allows for the construction of a detailed input-output model representing the Wisconsin economy. One can think of this model as a large and detailed "spreadsheet" of the economy where reading down a column represents how an industry spends money and can be thought of as demand whereas reading across a row represents where an industry receives money and can be thought of as supply. Because demand must equal supply we can trace how shocks to the economy ripple throughout the whole economy. This rippling is widely referred to as the multiplier effect.

Using the 2021 VA spending data for compensation and pensions (a form of income), spending on education and training, medical care, and other types of expenditure we are able to compute the total economic contribution as 36,600 jobs, \$2.5 billion in labor income (wages, salaries, and proprietor income), \$3.5 billion in total income (labor income plus all other sources of income such as dividends, interest, rent and transfer payments including social security), and almost \$5.7 billion in total industrial revenues or sales. This economic activity also generates state and local government revenues of about \$273.4 million with the majority taking the form of income and sales taxes.

Alternatively, for every \$1 million of VA related expenditures, a total of 10.51 jobs are supported, \$721,000 in labor income, \$1,010,000 in total income and \$1,625,000 in total economic activity. In addition, for every \$1 million in VA spending, about \$78,000 in state and local tax revenue is generated. In the simplest sense, the economic multiplier for veteran related expenditures through the VA is 1.62.

Recall, this analysis utilizes expenditures associated with the Department of Veterans Affairs and does not include all expenditures associated with veterans. For example, pension income is from non-serve connected pension or widows' pension, and does not include the pensions received by career service members who are retired and drawing a pension administered through the Department of Defense. As such, the economic contribution analysis provided here is conservative.

CONCLUSIONS

A long held economic growth and development strategy is to regain taxes paid to higher units of government. These taxes can be thought of as leakages from the local economy. For the state, this means regaining federal tax dollars and for local communities, it means regaining both federal and state tax dollars. Strategies can range from ensuring residents are taking full advantage of transfer programs such as social security to working with individuals at income tax filing time to ensure that individuals are securing as high a tax refund as possible. Communities can also work to maximize the number of grants and aids flowing back to the community.

One particular strategy that has received less attention is to ensure that veterans are taking full advantage of veteran benefits and services provided by the Department of Veteran's Administration (VA). While these benefits can take many forms, the total level of federal tax dollars returning to Wisconsin and the local community via the VA can be significant. In 2021, the Veteran's Administration injected almost \$3.5 billion into the Wisconsin economy. Once the multiplier effect is considered, this represents 36,600 jobs and \$5.7 billion in total industrial sales or revenue. In addition, this VA related economic activity generated just over \$273 million in state and local tax revenues.

Although the population of veterans has been declining over the past few decades, the rates of VA expenditures per veteran have been increasing, even after controlling for the effects of inflation. On its face value, working with Wisconsin veterans to ensure that they are fully benefiting from VA benefits is a benefit to not only the veterans themselves but also to the local and regional economies because it represents a regaining of tax dollars flowing to the federal government.

INTENT & SYNOPSIS: To adopt the Wood County Rabies Control Policy and Procedures and the statutory penalty provisions attendant thereto via the Wood County Code of Ordinances.

FISCAL NOTE: Adoption of the ordinance will allow for a more efficient and less costly means of administering the county rabies control program.

WHEREAS, Wis. Stat. s. 95.21 establishes a rabies control program and Wis. Admin. Code ATCP 13 allows for counties to administer a local rabies control program, and

WHEREAS, Wood County has long had a local rabies control program which complies with statutory and administrative code requirements, and

WHEREAS, if the county's rabies control program and the statutory penalty provisions are adopted by reference via county ordinance, then certain training costs for mandatory training on rabies control procedures will be funded by the state, thereby allowing for more people to be trained and a more efficient administration of the program.

NOW, THEREFORE, THE WOOD COUNTY BOARD OF SUPERVISORS HEREBY ORDAINS as follows:

Section 1. To add the following language to section 280.02 of the Wood County Humane Officer Ordinance: "The Wood County Health Department's Rabies Control Policy and Procedure, as periodically updated by the Health and Human Service Committee, in conjunction with Wis. Stat. s. 95.21, Rabies Control Program, as updated, are hereby adopted by reference. The penalty provisions set forth in Wis. Stat. s. 95.21(1), as updated, are applicable to any violation of the Rabies Control Policy and Procedure."

Section 2. This ordinance shall become effective upon passage and publication, as provided for by law.

Request for Out of State Travel Request for Sue Smith to Attend the

National Association of City and County Health Officials Annual Conference

July 10-13, 2023 in Denver, Colorado

I would like to request permission to attend the NACCHO Annual Conference this July. I've attended this conference in the past (prior to COVID) and found it extremely valuable.

There are seven tracks for this year's conference. There are four that I have a strong interest in and would directly relate to priority work happening here now. Here are some highlights of tracks of interest:

Behavioral Health Public Health serves a unique role compared to traditional behavioral health services with its focus at the whole community level. While many local health departments focus their efforts on strengthening prevention programs, building community resiliency, collecting reliable data, and developing effective policy. Moreover, the COVID-19 pandemic and opioid epidemic has resulted in public health staff experiencing intense trauma that must be addressed by leadership. This track aims to highlight the innovative, data-driven approaches used by health departments, in collaboration with other partners, to address behavioral health issues in the community and within their own health departments. Topics may include, but are not limited to: • Education related to substance abuse, mental health, and violence (including self-harm) • Effective strategies or programs, particularly those involving trauma-informed and/or prevention-driven approaches, to address behavioral health issues • Using insights from data to combat the consequences of the opioid crisis • Demonstrating the relationships among social determinants of health and health outcomes related to substance abuse, mental health, and violence • Resiliency and its role in mental health • Positive youth development interventions or intentional processes that provide all youth with the support, relationships, experiences, resources, and opportunities needed to become competent, thriving adults • Supporting staff who have experienced trauma and mental health concerns related to their work in public health

Communications and Messaging Local health departments can be instrumental in educating community partners and the public at large about health issues and empowering them to create healthier communities. Strong communication strategies, comprehensive marketing plans, and effective messaging efforts are critical to achieving success in improving health outcomes in a community. This track will focus on effective communications strategies including use of traditional media, the role of social media, and how to address misinformation. Topics may include but are not limited to: • Media campaigns and other communication strategies that have successfully shifted public awareness and perception of critical health issues and resulted in action and change in health behaviors and health status • Communication tools to connect with underserved, hard to reach communities • Use of social media to promote your message • Strategies to address misinformation related to public health issues • Communicating with the public in times of crisis • Building relationships with the media to promote local public health and improve risk communication

Leadership, Management, and Workforce Development Assuring a competent workforce is an ongoing challenge for LHDs. To meet the changing health needs of our communities, we must expand our workforce capacity to support both direct service and population-based public health practice. High turnover rates for both LHD leadership and staff highlight the need for training that is easily accessible to encourage regular upskilling. Topics may include, but are not limited to: • Designing and implementing measures that strengthen and support LHDs to effectively recruit, train and retain a strong public health workforce • Defining and operationalizing local public health roles and responsibilities that promote the importance of training activities and retention initiatives • Identifying gaps in staff knowledge, skills, and abilities needed to navigate the complex environment of local public health; assessment of organizational and individual needs; and implementation of training and development activities • Developing and maintaining partnerships that help LHDs provide necessary training and education for a qualified workforce and offer opportunities for students seeking careers in public health • Exploring the challenges and opportunities for assessing and expanding the role of LHDs in advancing social and economic change • Building capacity to meet and address accreditation requirements

Surveillance, Informatics, and Data Systems In an increasingly electronic world, harnessing information to improve health outcomes requires optimal systems and cross-sector partnerships to access, analyze, and act on data in a timely, efficient, and secure manner. This track will showcase stakeholder efforts and explore how LHDs are using surveillance, informatics, and data systems to collaborate, establish new and enhance existing infrastructure, and apply necessary skills to improve delivery of public health services by getting data into the right hands, in the right format, at the right time. Topics may include, but are not limited to: • Information systems and use of health information technology to improve population health • Use of data analytics to understand population health • Disease transmission, patterns, and trends in the era of global travel and mass transit • Governance, including laws, policies, and standards that affect information exchange • Innovations and novel applications of information and technology—including tools for analysis and visualization • Delivering accurate, accessible, and actionable health information that is targeted and tailored • Activities to facilitate the meaningful use of health IT and the exchange of health information among public health professionals, healthcare, and other stakeholders • Interoperability of technology systems in the 21st century • Understanding the emerging cyber threat landscape • Addressing and combating phishing attacks and malware • Disaster preparedness planning

Estimated Expenses:

Registration Fee: \$725

Hotel: \$1100

Airfare: \$600

Mileage: \$100

Additional: Transportation airport to hotel and meals

All expenses, including time, would be paid using PH Emergency Preparedness grant funds. No tax levy would be used.
